NEW SYNDICATE MAY BUY SOUTHWESTERN

Leaders Confer in New York--Purchase of Fort Wayne Street Railway to be Closed Tomorrow

Events involving traction matters, in which Fort Wayne is interested, have been moving rapidly within the past few days, and there are now indications that the tremendous consolidation of interests which attends the purchase of the Fort Wayne city street railway lines by the new syndicate also contemplates a purchase of the Fort Wayne and Southwestern interurban line.

Confirmation of these indications cannot be obtained in Fort Wayne today, but it is believed negotiations looking to that end are under way. General Manager S. L. Nelson admitted today that W. B. McKinley, the president of the Southwestern, had met George F. McCulloch, who is to be president of the Fort Wayne Traction company, in New York on Saturday, but Mr. Nelson expressed the belief that the meeting was in reference to a Marion entrance for the new southern line. Mr. McCulloch is at the head of the Union Traction company, and it is known also that the two interests have been on the most friendly terms.

HAS PLAUSIBLE ASPECT.

But Mr. McCulloch's entrance into the Fort Wayne city lines, together with the fact that his company has interurban interests out of Logansport, and that the Messrs. Murdock are interested in the Lafayette traction situation, makes it entirely reasonable to suppose that the gigantic system which is to be built up by the new syndicate in Fort Wayne will eventually embrace a road from Fort Wayne to Lafayette. This might be accomplished by the purchase of the Southwestern, the Wabash River line and the use of Mr. McCulloch's other interests in that vicinity.

Neither Mr. Paul nor Mr. Fleming would discuss the interurban matter today, but the fact that Mr. McKinley met Mr. McCulloch in the east at precisely the time when the deal for the Fort Wayne city lines was being closed up by the new syndicate, lends color to the supposition that a deal is also on for the purchase of the Southwestern.

WILL PAY TOMORROW.

Henry C. Paul and Stephen B. Fleming will leave this evening for Cleveland. Tomorrow at the offices of the Guardian Trust company in that city the Fort Wayne men, together with George F. McCulloch, of Indianapolis, and J. Levering Jones, of Philadelphia, representing the syndicate which secured an option upon the Fort Wayne city street railway lines in December last, will pay to the present owners of the Fort Wayne traction company the balance of the price agreed upon and the local street car system will pass into the ownership of the new syndicate.

The transfer of ownership is made simply by the purchase of the stock of the company. There will be, for the present at least, no change in name, and the Cleveland officials of the Fort Wayne traction company will retire from office to make way for the following roster, which was selected at a meeting of the new interests in Philadelphia last Friday:

President—George F. McCulloch, Indianapolis.

First Vice President—J. Levering Jones, Philadelphia.

Second Vice President—James Murdock, Lafayette.

Treasurer—Henry C. Paul, Fort Wayne.

Secretary—Stephen B. Fleming, Fort Wayne.

These officers, with Hugh McGowan, of Indianapolis; Randall Morgan, of Philadelphia; Charles Murdock, of Lafayette, and Bayard Henry, of Philadelphia, compose the board of directors.

It is stated, also, that the above list comprises the entire list of stockholders in the new corporation, which is to own not only the Fort Wayne city lines, but will also merge within its control a vast interurban system with Fort Wayne as its center. In the list are a number of the leading capitalists in the street railway world, and the successful efforts of Mr. Paul and Mr. Fleming to bring to Fort Wayne such a powerful array of railroad builders and operators will show fruition in one of the most extensive street and interurban railway systems in the west.

NO CHANGES LIKELY.

The new organization will retain the name, the Fort Wayne Traction company, but its general offices will be in Fort Wayne instead of Cleveland. The capital stock will remain at $2,000,000, half in common stock and half preferred. While there has been little discussion of either policy or management, it is expected that very little change will be made by the new company either in the way of officials or operatives. Those in position to know say it is entirely probable that General Manager A. L. Scott will be retained, as he is regarded as a most competent street railway man. Mr. Scott has during the past winter made purchases of material for the new extensions required by the amended franchise, and the work upon these extensions will be taken up and pushed forward precisely as though no change in ownership had occurred.

While, as has been stated, the new syndicate will make its payment for the property tomorrow, it is not known precisely upon what date the actual transfer of the property is to be made. It will certainly occur before April 1, however. The new owners state that it is their intention to make every possible improvement in order to bring the Fort Wayne city system up to the highest possible standard of efficiency and to give the people of Fort Wayne a street railway service second to that of no city in Indiana.

STOCKHOLDERS COMING.

As quickly as possible after the formal transfer of the property there

MRS MAYBRICK TO QUIT HER PRISON

American Woman Convicted in England of Murder Will be Freed in 1904.

ANNOUNCEMENT OFFICIAL

Will Come Over to Testify in Lawsuits Bearing on Her Own Interests.

London, March 23.—Mrs. Florence Maybrick, the American woman who was convicted at Liverpool in 1889 on the charge of poisoning her husband, James Maybrick, at Aigburts, by arsenic, and whose sentence of death was commuted to penal servitude for life, will be released in 1904. The announcement comes from the home office, which now authorizes her Washington lawyers to use the fact of her release next year as a reason for securing the postponement of the trial of the lawsuits bearing on the prisoner's interest in land in Kentucky, Virginia and West Virginia until she is able to personally testify.

Those who are in a position to know say that Home Secretary Akers-Douglass has shown great courtesy in connection with the suits now pending in America, that the decision to release Mrs. Maybrick was entirely due to efforts on this side of the Atlantic, and that Ambassador Herbert has never been called upon to act in this matter.

Mrs. Maybrick, who was Miss Florence Elizabeth Chandler, and a member of a well known and prosperous southern family, was married July 27, 1881, in St. James church, Piccadilly, to James Maybrick, of Liverpool. She was then 18 years of age, vivacious and beautiful and a social favorite. Her husband was over forty years old. In the spring of 1889 Mr. Maybrick became ill and in a few days he died. His brothers investigated his death and charged Mrs. Maybrick with the murder of her husband. A long trial followed and a number of doctors swore Mr. Maybrick died of arsenical ppisoning. The defense proved that for twenty years Mr. Maybrick had been a confirmed arsenic eater and that he daily took doses that would have killed a dozen ordinary men. Mrs. Maybrick was eventually sentenced to death by Judge Sir Fitzjames Stephens, who spoke for two days in charging the jury and who said it was impossible for them to find her guilty in the face of the medical evidence. He died sometime later in a madhouse.

From the time of Mrs. Maybrick's conviction, her mother, the Baroness Von Roques, has been unremitting in her attempts to obtain the prisoner's release, in which she has been aided by influential friends on both sides of the Atlantic. In 1900, after the death of Lord Russell, of Killowen, chief justice of England, a letter which he had written to Mrs. Maybrick in 1895, was discovered. It showed that the eminent lawyer was convinced that she ought never to have been convicted, and it has been generally understood that all the recent American ambassadors to the court of St. James have done everything possible to obtain Mrs. Maybrick's pardon. Had she not been able to testify in the suits pending in the United States, Mrs. Maybrick and her mother would have lost all title and interest in large tracts of land situated in Kentucky, Virginia and West Virginia.

SLEW HER CHILDREN AND THEN HERSELF

Insane Woman Butchers Little Ones With an Ax, in Massachusetts Town.

SLEW HER CHILDREN gnYs

Southbridge, Mass., March 23.—Mrs. Louise Burke killed her four children with an ax at her home in the town of Fiskedale today and then killed herself by cutting her throat. It is thought the woman was insane.

SCARLET FEVER RAGING.

Chicago, March 23.—Scarlet fever is still raging in Lake Forest, a suburb of Chicago, in spite of the strict observance of the regulations of the board of health. Ten new cases have developed. A member of the board of health said today that the quarantine would be extended for another period of three weeks at least, and that public schools, libraries, churches and other places of public meeting will remain closed.

TWO ALLEGED BRIBE TAKERS RELEASED

Reporter and Senate Clerk in Contempt of Missouri Legislature, Let Go.

Jefferson City, Mo., March 23.—L. Page, newspaper correspondent, and Cole Hickox, senate clerk, who were committed to jail last week for contempt of the house of representatives in refusing to answer questions put by that body as to where and for what purpose they came into possession of $1,000 each, were released by the supreme court today on a writ of habeas corpus. The investigation in the house grew out of charges of bribery in connection with the enactment of certain legislation.

Judge Robinson stated that the great weight of authority appeared to the court to protect a witness and left it to the witness to judge for himself as to what questions he should or should not answer. In discharging the prisoners the court held they could stand on their constitutional rights and protect themselves.

Before the legislature adjourned sine die at noon today Judge Hartzell, of the Cole county circuit court, convened the grand jury in special session to investigate the charges of boodling which have been openly made against the legislature.

SOCIETY MAY ERECT AN OFFICE BUILDING

Fraternal Assurance Order Has the Project Under Consideration.

The Fraternal Assurance Society of America, which has its headquarters in this city, contemplates the erection of a large office building within a year and while no definite action has been taken, many of the officers and directors favor the plan and will take the matter up within a very short time.

The society has a number of sites under consideration, the one most favored being on East Main street, near Calhoun. It is proposed to put up a structure that will be a credit to the city, and the building will contain the offices and hall of the society, together with offices and store rooms for renting purposes.

The Fraternal Assurance society was formed about a year ago and its growth in this city has been phenomenal. There are at present two lodges in Fort Wayne with a membership of about 600, and a number of branches have been instituted in neighboring cities.

HOT FIGHTING IN SANTO DOMINGO

Revolutionists Capture Fort Defending Capital and Battle Goes On.

San Domingo, Republic of Santo Domingo, March 23.—The revolutionists have attacked and captured one of the forts defending the city. Many men were killed on both sides. The fighting continues.

The garrison of Fort San Carlos, about twelve miles from this city, has declared itself in favor of the revolutionists.

President Vasquez is absent in the interior of the republic.

OFFICIAL CONFIRMATION.

Washington, March 23.—United States Consul General Maxwell, at San Domingo, has cabled the state department that a revolution has broken out in that city and that at the hour he sent the cablegram heavy firing was in progress.

OLD ENGINEER KILLED.

Knoxville, Iowa, March 23.—A Burlington local passenger train crushed into a freight train on a siding, the switch being open. Engineer Hiatt, who had been twenty-five years with the road, was killed and several passengers bruised, but not seriously hurt.

MACKINAC STRAITS OPEN.

Macknac City, Mich., March 23.—The Straits of Mackinac are open and boats can now get through from Lake Michigan to Lake Huron. There are a few fields of drift ice, but these are rapidly disappearing.

SIX KILLED IN A MINE EXPLOSION

Accumulated Gas Ignited by a Blast and Deadly Results Ensued.

EXPLOSION WAS TERRIFIC

Men One Hundred Feet Distant from Scene Killed by Concussion.

Springfield, Ills., March 23.—A terrific explosion of gas in the mine of the Athens coal company at Athens, twenty miles north of Springfield, this morning, resulted in the death of six men and serious injury of another.

CASUALTIES.

The dead:
John Rogers.
Fred Impke.
S. Gorndorf.
James Patrick.
August Noel.
David Myers.
Injured:
Carl Joernich.

An entry in the mine had been for some time stopped up on account of gas and this morning an attempt was made to open it by drilling another entry in order to allow air to enter, and gas to escape. While engaged in this work a miner fired through to the stopped up chamber, causing an explosion of the gas, which had accumulated in the chamber. Nine men were in the mine at the time and six were killed outright and Joernich badly injured. Some of the men killed were 100 feet away from where the explosion occurred.

LANDSLIDE WRECKS PASSENGER TRAIN

Rock Slips on Track Just as Train Approached, Near Yorkville, Ga.

Atlanta, Ga., Mar. 23.—The northbound passenger train on the Southern railway which left this city last night for Washington was wrecked this morning at Yorkville, near Tocca, eighty miles north of this city, by a landslide of rock. One person was instantly killed and the fireman and engineer of the train, both of Atlanta, severely bruised and scalded.

The dead:
An unknown tramp.
The injured:
Edward Miller, engineer, arm broken and severely scalded.
Frederick Thompson, fireman, badly bruised and scalded.

The train was approaching a deep cut when, without warning, a large slide of rock fell across the track. None of the passengers was hurt.

Traffic was delayed for several hours.

EXPECT TO OPEN NEW LIBRARY JUNE FIRST

Interior Work is Being Pushed Rapidly—Mr. Carnegie to be Invited.

President Hamilton, of the school board, today announced that the new library would be open to the public on June 1st should no unforseen delay occur in completing the interior, which is being finished as rapidly as possible. The plasterers are making rapid progress and expect to have their part of the work completed within a few weeks.

Mr. Hamilton stated that the formal opening of the new library would occur at a later date and that the board extend an invitation to Andrew Carnegie to attend the opening ceremonies.

NO NEWS OF RESTAURADOR.

London, March 23.—The foreign office, as this dispatch is filed, has no confirmation of the reported seizure of the Venezuelan gunboat Restaurador by the British cruiser Pallas, on the ground that the former had acted in a piratical manner. The officials here say they cannot imagine why the Restaurador should have been seized. The foreign office has heard nothing direct from Caracas regarding President Castro's resignation.

ROOT EXONERATES GEN. LEONARD WOOD

Declares There Is No Foundation for Rathbone's Charge Against Former Cuban Governor

Washington, March 23.—Secretary Root today took official action on the charges made by Estes G. Rathbone against Brig. Gen. Leonard Wood. He made an endorsement on the papers saying that no answer to the charges was required from General Wood and no action will be taken thereon; that it was known to the secretary of war that the charges

GENERAL LEONARD WOOD.

in every respect were without just foundation. The secretary refers to the part taken by the military governor in the postoffice cases in which Rathbone was a defendant, saying that General Wood at every step had the approval of the secretary of war and exercised only such control as was necessary as military governor. He refers to the game of "jai alai," and declares that the gift accepted by General Wood had no relation whatever to any official action of his, but was part of the expression of gratitude of the Cuban people toward the representative of the United States; to have refused the gift would have been discourteous and unjustifiable. The action of the customs officials in reference to the gift, the secretary says, was strictly in accordance with law and official propriety. The endorsement closes as follows:

"There is no foundation for the charges."

Major Rathbone's charges were filed with the adjutant general of the army Saturday. In brief he charges that General Wood manipulated the Cuban courts, that he received gifts from a gambling concern amounting to $5,000, and that the gifts were admitted into Cuba free of duty, contrary to law.

WOOD ANSWERS CHARGES.

General Wood yesterday afternoon filed with Secretary of War Root his answer to the charges made by Major Rathbone. He then went home and continued his packing up for the Philippines.

He did not treat the charges as being worthy of consideration, but simply replied to them categorically and left the entire matter of further action in the department's hands.

His reply to the charges filed yesterday was added to his reply to the senate committee, which he had already prepared and was going to file just before leaving the country, and the two documents were handed to Secretary Root together.

It will be remembered that the senate committee to which Rathbone's petition for investigation of his case has been presented refused to investigate at the last session of congress, and referred the matter to Wood for reply.

The keynote of Wood's answer to the entire matter, as transmitted to Secretary Root, is the absolute power of the head of a military government, such as ours was in Cuba, to do what it chose regardless of the limitations of the laws. The penal code of Cuba, which he is charged with breaking, was from this point of view subject to revision and infraction at the will of the military governor. Many similar cases were decided in this way in the Philippines during the period of complaints and attacks on the Otis regime there, and it has become the favorite method of Secretary Root to excuse the misdemeanors of his subordinates who are not well versed in legal technicalities. The contention is made that the military governor has a "right" to instruct, command or abolish the courts at will, as they existed merely on his toleration and simply because he did not have time to try every case himself.

ADMITS TAKING GIFT.

Wood admits that he has received the $5,100 silver service, and says he has a right to receive personal gifts as well as any other individual. He says the president himself said he might bring things into Cuba without duty, and issued an order making this one of the perquisites of his office. He claims that the Jai Alie, the institution which gave him the silver service, is not a gambling institution, but a hand-ball casino. Perhaps there may be betting and a "rake off" for the proprietor, but, strictly speaking, it is not a gambling institution.

The bulk of the document presents reasons to show that Wood acted within his powers in the premises, and acts upon the assumption that this being established Rathbone's charges that he is guilty of conduct unbecoming an officer and a gentleman will fall of their own accord.

DISORDER IN CHINA CONTINUES TO GROW

Trouble Chiefly Due to the Operations of Bands of Chinese Brigands.

Paris, March 23.—It is said at the foreign office here that recent official reports show there is a growing state of disorder in Southern China, particularly along the border of French Indo-China, chiefly due to the operations of bands of Chinese brigands. French interests have received reasonable protection until lately, throughthe vigilance of Mandarin Su Si, but since he has been superseded there has been much lawlessness and many depredations. Although the French authorities have not yet taken definite action, the officials here confirm the reports from Shanghai to the effect that a continuance of the disorder will undoubtedly lead to the sending of French troops across the border to suppress the brigand bands and ensuch protection of French interests.

The foreign office has not received advices regarding the published report that the French commander at Tien Tsin has demanded $1,500,000 compensation and new barracks before he will evacuate the arsenal there. It is said that such a request would necessarily be made through the French minister at Pekin, who has not asked for authority to make representations on the subject to the Chinese government.

TREASURER FISH INSTALLED.

New York, March 23.—Hamilton Fish was today installed as assistant United States treasurer in this city. Mr. Fish reappointed George W. Marlow as deputy assistant United States treasurer and cashier, and Edward W. Hale as assistant cashier, both of whom have served for a number of years. With Mr. Fish came two expert money counters who will count the $300,000,000 of cash and securities now in the vaults. This, it is expected, will take two months.

CITY BREVITIES.

Miss Etta Morse, of Ohio City, is the guest of Mrs. Sadie Maxwell, of South Calhoun street, and Mrs. Fischer, of Gay street.

The Athena Thimble club will be entertained tomorrow afternoon at the home of Mrs. Charles Bryson, 409 Fairfield avenue.

Architect J. M. E. Riedel is making plans for a new Reformed church to be built at Garrett by the congregation of which Rev. J. Wolbach is pastor.

The Ladies' auxiliary to the Order of Railway Conductors will be entertained next Thursday afternoon by Mesdames Ginty, Kanaga, McGee and Tuckey.

Henry Korsen, of Richmond, who was called here to attend the funeral of his brother-in-law, August Depray, has returned home. Mr. Korsen is engaged in the grocery business in Richmond.

MISFORTUNE OF MONEY

Rich People go to Hot Springs, Germany, and Have Special Treatment, but Still Have Their Rheumatism.

We poor people feel sorry for the rich,—they won't get something because it's cheap or advertised.

It's high-toned to spend small fortunes, and a luxury to be sick. It's "improper" to be cured at a dollar a bottle, although we have many rich clients, who are sensible and wouldn't be without Athlophoros.

In fact, Athlophoros was originated for a rich man by one of the most famous physicians. It gets at the Uric acid and dispels it. When that is done the Rheumatism is gone. It works every time.

The Uric acid clogs and poisons the blood, disables the body more or less. Athlophoros is as soothing as "oil to a burn," and especially in acute attacks will allow the breadwinner to get back to his work. It saves lots of needless suffering, and makes life worth living. All druggists sell it, or The Athlophoros Co., New Haven, Conn., will send a bottle for one dollar. It is within the reach of everyone and makes health possible to all.

BODKINS BROTHERS ENTRENCHED AT HOME

Grant County Desperadoes in Stronghold and Looking for a Battle.

Kokomo, Ind., March 23.—Local officers are informed that the Bodkins brothers, Jesse and Orville, who are doing the Harry Tracy act and who for several days have been pursued by the Marion police, were intrenched near their home, fifteen miles east of here, armed to the teeth and defying the world. They are said to be equipped with Winchesters stolen from a store they had looted after escaping jail at Lima, Ohio, where they had been arrested for shooting a Marion officer. They came in on stolen horses, spreading consternation wherever they appeared, by taking possession of horses and compelling the women to get them meals. Howard and Grant county officers are organizing a posse to capture the desperadoes. The Bodkins declare that a bloody battle will follow any attempt to arrest them, and that there will be a wholesale killing. They say they will never be taken alive. It is probable that the posse will attempt the capture tonight.

MANY FELL AT SHILOH.

Hon. J. M. Robinson has received a pressing invitation from Nicholas Ensley, of Indianapolis, a member of the Indiana Shiloh National Park association, to attend the dedication of the monument to be erected in honor of Indiana soldiers who died on the famous battlefield. The dedication occurs April 6 and 7. Following is an extract from the letter:

"Fort Wayne sent two gallant regiments to the front and both were engaged in this battle of Shiloh, with heavy loss. The Forty-fourth Indiana, commanded by Col. Hugh B. Reed, of Fort Wayne, lost 212; the Thirtieth Indiana, commanded by Col. Sion S. Bass, also had a heavy loss, including the fall of Colonel Bass, one of the most honored citizens of Fort Wayne and Allen county of that day. The Indiana Shiloh National Park association earnestly expects you and all your friends to be present on this occasion and Fort Wayne, above any other town in northern Indiana, should send a large number of her people to this dedication in honor of their fallen sons in these two regiments during that battle. There will be, we are informed, quite a number of southern congressmen on the field at that time to witness the dedication."

O'BRIAN TALKS OF PRINCESS.

New York, March 23.—Dr. Lewis A. O'Brian, Mrs. O'Brian, his wife, and their young son were passengers on the steamer Pretoria, which docked yesterday. Dr. O'Brian is the American dentist whose name has been connected by European correspondents with that of Princess Louise of Saxony. He emphatically denied that he had been officially expelled from Saxony. He said he had heard such a report when he got to Plymouth and averred that the truth of the matter was that, learning from his partner that the Saxony officials had been talking of some such action, he "would not wait to give them a chance." The dentist said Princess Louise was simply a patient of his and a friend of his family. When her visits to his family became the subject of gossip he had the visits stopped. He never had taught her to ride a bicycle nor did the two bicycle together. Mrs. O'Brian corroborated all the dentist said. Dr. O'Brian bears with him a letter from Charles L. Cole, United States consul general at Dresden, giving him a very high reputation.

W. P. ADKINSON DEAD.

Indianapolis, March 23.—William P. Adkinson, a well known lawyer of Indianapolis and one of the most prominent members of the Theosophical society of this city, died Saturday afternoon about 4 o'clock at the residence of Dr. A. J. Smith, 598 Highland avenue. Apoplexy was the cause of death. Mr. Adkinson was about fifty-nine years of age. He practiced law for many years in this city. He was a veteran of the civil war and had been prominent in the Grand Army organization and the Odd Fellows. He was a lecturer in the Theosophical society and gave the society a great deal of his time. Mr. Adkinson was one of the leading lawyers for the defense in the Merrick murder case tried in this city more than twenty years ago. He leaves two sisters, Mrs. Mary Moore, of Westport, Decatur county, Ind., and Mrs. Irene M. Britton, of Hord, Ill.

Oliver Weldon and family, moving from Jonesboro to Garrett, camped twelve miles southwest of Fort Wayne Friday night. In the cavalcade of moving wagons there were five horses. Some time during the night some one cut loose a black horse with a white face. Its weight is about 1,200 pounds and it is about ten years old.

SUSPECT FOUL PLAY IN BLUFFTON DEATH

Man Mangled by Lake Erie Passenger Train Thought to Have Been Murdered

Bluffton, Ind., March 23.—Lewis Godfrey, aged twenty-one, son of James Godfrey, of this city, was mangled almost beyond recognition Saturday night by Lake Erie northbound train No. 18, due here at 9:30. The accident occurred one and one-half miles north of Bluffton, and circumstances give to it an air of mystery. Lewis and his brother George, according to the latter's story, had been to Murray in the afternoon. They were returning after dark on the railroad track, George some distance in advance of his brother. George says a stranger approached him in the dark, and grasping him by the shoulder, wanted to know what they were going to do with some goods stolen from a car. George says that he tore himself loose and ran to town in his excitement, leaving his brother behind. Later he and Santon Millington returned to search for Lewis and stumbled over his mangled body lying on the tracks. The body had been discovered two hours earlier by Harvey Elsey, a farmer, who notified Coroner McBride. Officers are working on the theory that the young man may have been murdered and his body placed on the track to hide the crime.

TILLMAN TALKS OF BRYAN.

Milwaukee, Wis., March 23.—Senator Benjamin R. Tillman spent part of yesterday in the city on his way from Madison to fill a lecture engagement at Saginaw, Mich. In reply to the question, "Will Bryan dictate the nominees of the national democratic convention in 1904?" he said: "What do you mean by dictating? He certainly will be in a position to say who shall not be nominated by the party, although he may not be able to declare who shall be the nominees. He is strong among the masses of the party all over the country. His magnetic personality and great brain, with his undoubted honesty of purpose, have won the people. It is once a Bryan man always a Bryan man. He will have one-third of the convention with him if not a majority, and that will place him in a position to say who shall not be nominated.

"A large proportion of the party believes in him and in the Chicago and Kansas City platforms and they thoroughly despise the democracy that has its headquarters in New York. They will never agree to go to battle under the leadership of men of the type of Hill or Grover Cleveland. As far as I am concerned, I would rather go down to defeat under the leadership of a true democrat than go to victory with men who have no inspiration above their own selfish personal interests. I despised Grover Cleveland in 1892 and later I came nearer hating him as a public man than any other man connected with the democratic party."

MOB ATTACKS A TURNKEY.

Marion, Ind., March 23.—Eight or ten men attempted to force the turnkey at the county jail to release Patrick Murray, who had been arrested on the charge of intoxication Saturday night. They called at a rear door and demanded the keys to Murray's cell. When their request was refused they attempted to force their way in. The turnkey knocked one of them down, then drew a revolver and threatened to shoot. The sight of the gun put the men to flight. Murray is well known in labor circles. He created quite a disturbance in a vaudeville theater where his arrest occurred.

WOMAN KILLED AT A FIRE.

New York, March 23.—One woman was killed at a small fire caused by a lamp explosion in West Sixty-ninth street early today, and one woman probably will lose her reason from excitement. When the fire was discovered Mrs. Edna Wallace frantically aroused three women boarders, one of whom was Miss Eleanor Price, and then fainted. Miss Price went up on the roof to escape and fell down an air shaft. She was instantly killed. Mrs. Wallace became hysterical when revived and was taken to Roosevelt hospital, where it was said her reason was in danger. The property loss was nominal.

WILL WEAR BLUE UNIFORMS.

President Mautner announces that the Fort Wayne team will wear blue uniforms, with red trimmings this year, while playing at home, instead of gray as heretofore. The style to be used in games away from home has not been selected. It is also announced that no season tickets would be sold this year, but that books good for twenty-five games would be sold for $10. President Mautner will go to Marion tomorrow to attend the meeting of the league club owners, at which the playing schedule will be adopted.

THE RESTAURADOR SEIZED AS PIRATE

Venezuelan Warship Charged With Robbery on the High Seas.

New York, March 23.—The British cruiser Pallas has seized the Venezuelan warship Restaurador on the ground that she is a pirate, cables the Herald's representative at Port of Spain, Trinidad.

The case against the Restaurador cites that soon after she was handed over to the Venezuelan authorities by the German commodore she began again the acts of piracy and robbery on the high seas. It is charged that she seized the cargoes of vessels and then dismantled and abandoned the craft.

A Port of Spain newspaper says editorially of the Restaurador's course:

"Such piratical acts prove the unwisdom of generosity of the allied powers."

The paper expresses the hope that retributive justice will be swifter and more effective than on the last occasion.

WIRE TAPPERS' HAUNT FOUND.

New Albany, Ind., March 23.—The police yesterday recovered the wire and batteries of the wire tappers who worked the pool rooms at French Lick and West Baden Springs Friday afternoon. The wire was tapped at a point two miles north of here. A fine copper wire was run down the pole and along the ground through a woods to a vacant house a quarter of a mile away, thence under the house and through the floors to the second story, where the instruments were located. Fifteen hundred yards of wire and forty-nine batteries valued at $100 were recovered. A man who said his name was Fritz Baron von Lassollaye Vinningen got away with $3,500 by tapping the West Baden pool-room wire Friday.

MAY BE "JACK THE RIPPER."

New York, March 23.—A London dispatch was printed here today alleging that George Chapman, who was convicted of the murder of several women in London, was the original "Jack the Ripper." It was further stated that Chapman had opened a barber shop in Jersey City some years ago and that soon after his arrival there a repetition of the "Jack the Ripper" murders occurred in Jersey City. According to the dispatch Chapman was a Pole, his real name being Klosowski. Investigation by the Jersey City police today failed to show any trace of Klosowski or Chapman and search of the records revealed no trace of any "Jack the Ripper" crimes in Jersey City.

SENDS HER SON TO PRISON.

Anderson, Ind., March 23.—Frank Davis, aged ten years, was sentenced to the reform school at Plainfield by Judge McClure Saturday. The lad stole a pair of rubber boots from a shoe store. Mrs. Frank Davis, the mother, suspected that he stole them and after getting a confession from her son, she made him take the boots back. She then took him to police headquarters and turned him over to the officers. The mother stated that she would rather have her son serve time in the reform school now than in the penitentiary in later years.

DR. MILES' ANTI-PAIN PILLS.

Cure All Kinds of Pains and Aches.

I. N. Lagrange, elder in the Presbyterian Church at Franklin, Ind., has long suffered from chronic headache, but he says he has at last found solace in Dr. Miles' Pain Pills. He says nothing can equal them in giving relief from intense headache or any pain.

C. B. Cook, the hardware, lumber, coal and grain dealer of Greenwood, Ind., states: "For years both myself and Mrs. Cook have been intense sufferers from headache, and we owe more to the efficacy of the Dr. Miles' Pain Pills for relief from suffering than to any other influence."

"I have used Dr. Miles' Pain Pills for headache and pain in my left side. They are the only remedy that have given me relief."—C. A. McCracken, P. M., Bringhurst, Ind.

"Dr. Miles' Pain Pills are the best remedy for headache, toothache and all kinds of pain that I have ever tried."—Francis Smith, Upland, Ind.

Mrs. N. J. Rogers, 410 N. Canal St., Alexandria, Ind., writes: "Dr. Miles' Pain Pills act like magic in cases of neuralgic pains or headache."

J. R. W. McBride, of Indianapolis, late of the Indiana Supreme Court, says: "They are simply marvelous in their instantaneous relief."

"I have used Dr. Miles' Pain Pills for several years, and have found them the best, in fact, the only thing that will relieve headache almost instantly and without bad results."—W. H. Knickerbocker, Cashier First National Bank, Elkhart, Ind.

E. E. Fornshall, Editor of the "Call Leader," of Elwood, Ind., writes: "For neuralgia I found immediate relief by the use of Dr. Miles' Anti-Pain Pills."

Dr. Miles' Anti-Pain Pills

Cancerous Ulcers

At first have nothing about them to indicate their true nature. They look like ordinary sores and are usually treated as such, some simple salve, wash or powder being used in the hope of drying them up and stopping the discharge; but while the place may temporarily scab over, it again inflames and festers, becoming as bad or worse than ever. After awhile the deadly poison begins to eat into the surrounding flesh and the sore spreads with frightful rapidity. Then the sharp shooting pains, which distinguish the cancerous from the common ulcer, are felt, and the unfortunate patient is brought face to face with the most dreaded of all maladies, a cancerous ulcer.

Whenever an ulcer of any kind is slow in healing it should be closely watched, particularly if there is an inherited predisposition to cancer. Often times a malignant, stubborn ulcer starts from a boil, wart, mole, bruise, blister or pimple, for when the blood is tainted and the germs and seeds of cancer are implanted in the system, you cannot tell when nor where the deadly poison is going to break out.

S. S. S. cures these cancerous ulcers and chronic sores, by driving out of the system all the morbid and unhealthy matter that keeps the ulcer irritated and discharging. It purifies and strengthens the blood, enabling it to throw off the germs and poisons, thus checking the further formation of cancer cells, and when all impurities have been removed from the blood and system the ulcer heals naturally and permanently.

All ulcers, even the smallest, should be looked upon with suspicion and treated promptly before they become cancerous.

S. S. S. is a purely vegetable remedy, a perfect blood purifier, and an invigorating tonic. Write for our free book on Cancer.

The Garnishee Law.

This much talked-of Garnishee Law may (if it becomes a law) do a great deal toward compelling delinquent debtors to pay at least a portion of their earnings on past due accounts. But an easier and by far more profitable method would be to know WHOM YOU MAY CREDIT and WHOM YOU MAY NOT CREDIT. By knowing these two very important things you will be enabled to extend credit to those who are worthy of your confidence, and at the same time to refuse those who by their past have proven themselves unworthy of confidence reposed in them. We have the credit experience of more than Two Hundred and Fifty Business and Professional Men of Fort Wayne. We have the Credit Ratings on over Twenty Thousand people who buy goods in Fort Wayne. GRAND STAND PLAY AT SHUFFLING OFF

Young Man With Too Much Booze Aboard Sips Carbolic Acid--Police.

John Stalder, 21 years of age, living at 1105 Wells street, made a grand stand play at suicide yesterday afternoon on Calhoun street, at the police patrol box corner of Jefferson. Stalder went into Kiever's saloon, where he tried to "bum" a drink, but was refused. He then said he would drink what he had and that nobody would ever get an opportunity to refuse him again. He then walked out into the back yard, where he pulled out a small 2-ounce bottle, which he touched to his lips. Nobody seemed to interfere just then so he went out into the open and made another play, saying that the bottle contained carbolic acid. He was seized by bystanders and the bottle was found to contain carbolic acid, as stated, while the man's lips and tongue was blistered. The patrol wagon was called and he was taken to the police station and was later removed to the hospital ward of the jail, Dr. John Schilling having attended him and administered alcohol as an antidote for the poison. Inasmuch as not over a teaspoonful of the contents of the bottle was missing and part of that had been spilled, it is not thought that any of the acid reached the stomach and Stalder complained of no pain. What disposition of the case will be made has not yet been determined.

Various excuses are offered for the young fellow's freak, but the most likely solution is that he was drunk and ambition in his drunkenness to do something that would be sensational. The police officers do not believe that he intended suicide at any time.

POLICE NOTES.

A negro who has been annoying residents of the west end continues to prowl around back yards and front ones, too, soliciting alms. The police have been looking for him, but so far he has eluded apprehension. Superintendent Gorsline requests citizens who know anything of his whereabouts to telephone the fact to the police station immediately, when an officer will be sent to bring him in. He is a nuisance.

Dr. Ferguson complains of a gang of hoodlums on Creighton avenue, who congregate about his house, using foul and profane language.

A family row at 1024 East Wayne street was investigated by Officers Krueckenberg, Elliot and Collins last evening. When they arrived the trouble was over and no arrests were made.

Miss Mary Humphreys, of 512 Montgomery street, reported the loss of a pocketbook containing a small sum of money and some cards.

A bad break in a city water main was discovered yesterday morning in front of Gus Jackson's place. The street will have to be torn up to repair the break, which was probably the result of electrolysis.

Superintendent Gorsline, and more particularly his family, are mourning the loss of their pet spaniel, "Taffy," who was poisoned by some vandal last night.

Officer Borgman Saturday night forced the door in the rear of the Lazarus cigar factory to turn off a water faucet which had been left open and was flooding the store below. The factory is situated over the Douglass shoe store on Calhoun street.

Frank Kimmell, who was sent to jail for ten days and fined $20 for the theft of some cameras from M. L. Jones, completed his jail sentence this morning and his mother paying his fine, he was discharged. Hazel Dasher, was also released, her lover managing to gather the necessary coin to pay her out. Three men, whose sentences expired, were also discharged this morning, leaving about thirty inmates still in the boarding house.

ORDER FOR UNIFORMS.

Superintendent Gorsline Saturday issued the following order to police officers regarding uniforms for the year:

"Headquarters Police Department, Fort Wayne, Ind., March 21, '03. Hereafter all uniformed officers of this department will be required to have two uniforms, one of heavy weight cloth, suitably lined and trimmed, to be used during the winter or cold months, the other to be of light weight goods, to be used for summer wear. All uniforms to be made in accordance with the specifications as heretofore furnished for the present uniforms. All officers will have until May 1 of this year to comply with this order. On that date every officer will have a light weight uniform for inspection, and to be worn during the summer months. This order is imperative and must be obeyed by every officer. "By order of the board of public safety. H. A. Gorsline,

"Superintendent of Police."

The J. E. club will be entertained tomorrow evening at the residence of Mrs. H. H. Craft, 322 Dawson street.

BAKER HARTMAN IS AGAIN IN TROUBLE

Got Drunk and Had Rough House at Home--Eight Culprits in Police Court.

Sheriff Stout's colony was augmented by an addition of eight this morning, all the results of Saturday and Sunday's arrests. Judge Dreibelbiss was in an industrious mood and disposed of the twelve cases brought before him in just twenty-four minutes.

Gottfried Hartman, the baker, who has frequently been in trouble, was arrested for drunkenness, to which he pleaded guilty. Officer Paul, who made the arrest; Hartman's daughter, an intelligent miss of about 17, and a lad named Arnold all testified that he was drunk and abusive. He was out all of Saturday night and about 4 o'clock Sunday morning returned home and started a rough house. A door was left open for him, but he didn't like that door so he started to break in another one. He amused himself by rolling barrels down the cellar way, singing and trying to twist the tail off his horse. Finally he went upstairs and got his little 2-year-old baby and organized a circus with the horse in the backyard, the baby being the chief equestrian; the baby was barefooted and in its nightclothes. The family got afraid of him and went to a neighbor's, the daughter in the meantime telephoning for the police. Hartman testified that he was not drunk and knew what he was doing all the time. He said he went out to get shaved about 10 o'clock Saturday night and got home at 4, also that he had drank a few beers, but knew what he was about. The judge fined him $5 and costs and emphatically told him that he had heard of him and his antics before and that the next time he came before him he would certainly get the limit. Hartman went to jail.

A PAIR OF SOAKS.

Thomas Underwood and Dick Schreck started out to get happy last week and succeeded so well that they both landed in the police station Sunday with a beautiful combination of jags. Detective Coling met Schreck last Friday and asked him whether he wanted a job. "Sure, Mike!" said Dick, "just put me on. Where is it?" He was told that the Bass works wanted laborers of all kinds. "Oh, g'wan," said Dick, "d'ye s'pose I want to go down there and rassel that pig iron? Not me; not fer your Uncle Dudley." Dick didn't go, but he and his friend went over to the maison de Stout this morning for fifteen days each.

A ONE-LEGGED VAGRANT.

William Mullen, a one-legged vagrant, was slated for drunkenness to which he pleaded guilty. He added that if he was given a chance he would get out of town in ten minutes and never come back. The judge remarked that while he might never come back it was a cinch that he wouldn't leave town for at least fifteen days. Mullen is a foul-mouthed, insulting vagrant and has been in court before. When Coling arrested him he gave the officer a fearful tongue-lashing and general dressing down. "I was never dusted so in my life," said the officer. Some time ago Mullen, while riding on a Pennsylvania train, took out his knife and slashed off the coat tails of Conductor Hall, who wanted to put him off. For this he was jailed at Van Wert. When he is discharged from jail he will be given ten minutes to get out of town and will get the full limit if he is ever arrested here again.

ED KEEVER IN TROUBLE.

Ed Keever was up for running a house of ill-fame. When asked to plead he hesitated, stammered some and finally pleaded not guilty and said he wanted to get a lawyer. The judge thereupon continued the case until tomorrow morning when Keever reconsidered and withdrew his former plea by pleading guilty. He was taxed $30 and costs, which he replevined. Keever has paid some pretty stiff fines during the past year but continues to do business at the old stand. He boasts that he has made a small fortune at the business and laughs pleasantly when he pays his fines. Judge Louttit fined him $50 and costs during his incumbency of the police court bench.

Delia Herrick and John Kelker were arrested for associating unlawfully and both pleaded guilty this morning, the woman to prostitution and Kelker to associating. The man paid, but the woman, slightly shy on collateral, went over for fifteen days.

Anthony Rodehaffer, a lad of 18, was arrested for being drunk and insulting, A Mrs. Hazzard, of Lewis street, being one of the complainants. He was locked up, but later his mother appeared and put up $25 for his appearance. She was very anxious to find out who had sold her son the liquor, but was unable to at the time. This morning the young man said he would make the affidavit today and was sent to the prosecutor. His fine was fixed at $1 and costs, which he paid.

William Shockman was landed in the dry dock yesterday. He is a young man, but had been on a spree for several days and he wanted to be locked up till sober. He was accommodated and this morning after pleading guilty to a charge of drunkenness he was sent over for eleven days, long enough to get that garbage taste out of his mouth.

MASHER COMES TO GRIEF.

George Shaw was arrested for assaulting Mrs. William Kennedy. Shaw is of the masher species and accosted Mrs. Kennedy as she alighted from an interurban car and insisted on carrying her valise and intruding other attentions upon Mrs. Kennedy, to whom he was a perfect stranger. Unfortunately for him Mr. Kennedy had just come to the car to meet his wife and when he saw Shaw's actions things began to be doing. When Kennedy straightened his arm, which had a half Nelson, hammer-lock, upper-cut, solar plexus tied on the end of it, Shaw saw a procession of meteors and shooting stars that would reach twice around the earth. As soon as he came to, Officer Lavanway took him over to the station. This morning the Kennedys were not in court and the case was continued until tomorrow morning.

George Miller pleaded guilty to vagrancy and was sent over for fifteen days.

The case of the state vs. M. C. Tierney for assaulting young Hollenbacher was again continued this morning on account of the condition of the young man, who is still in the hospital, where he will be confined for several more weeks. The case was continued until April 14, the bond of $1,000 being continued.

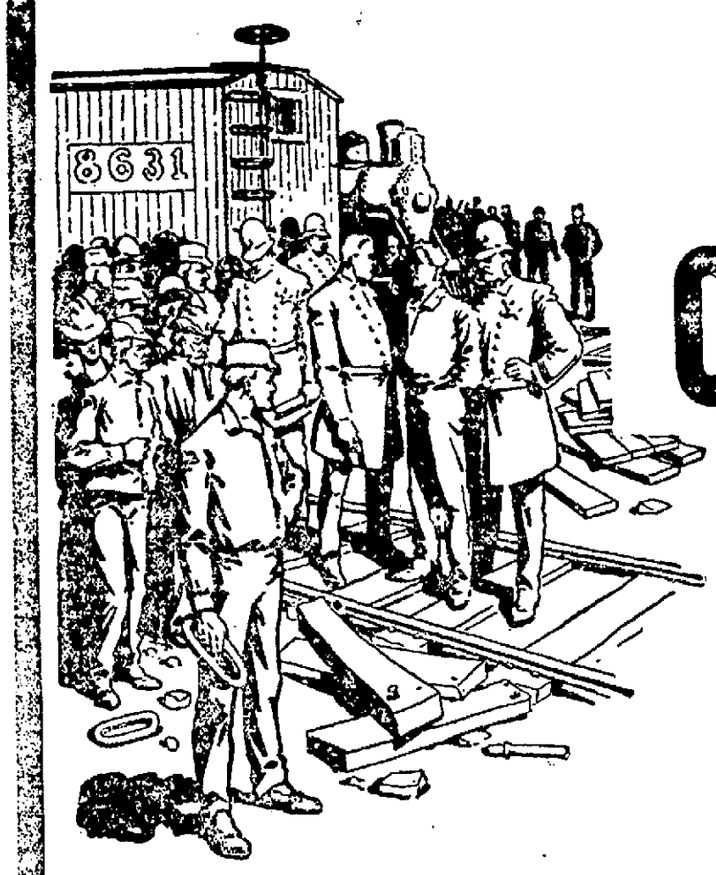
NIAGARA ALMOST DRY.

Niagara Falls, N. Y., March 23.—Owing to immense fields of ice gathered on the rocks above Goat Island the American falls of Niagara have been practically dry, and for the first time in fifty-five years residents and visitors have witnessed this wonderful spectacle. Within a few days the wind drove the Lake Erie ice field into Buffalo harbor and the entrance to the Niagara, and great floes came down the stream to the falls. The river is so wide at the upper rapids that it has many shallow places, and here the ice lodged, causing a jam that shut off the water from the American channel.

Throughout Sunday thousands of persons hunted for relics and souvenirs about reefs that human feet never before touched. The American falls could have been crossed at the brink by men with high boots, and great rocks never before seen were visible.

The Horseshoe Falls was not affected so much as the American, the river bed near the Three Sister Islands was dry, and the center fall between Goat and Luna islands was a skeleton of itself. The condition is likely to exist several days.

A similar spectacle was witnessed on March 29, 1848, at which time both the Horseshoe and American falls were practically out of business for the entire day. This also was caused by ice, which had accumulated at the entrance to the river at Black Rock.



When the Stomach Goes On a Strike

The whole United States Army cannot subdue the rebellion. This poor, abused organ has suffered for months or years—protesting mildly at times, objecting vigorously at others—but always struggling along and doing its best to feed your body, until, patience exhausted, and tortured beyond endurance—it gives up the fight. Don't wait for the intense pain of acute indigestion, which means complete prostration and possible loss of life; but heed the warnings of your stomach in time and save yourself suffering. If your stomach is down, help it up.

PEPTORENE THE HEALTH TABLET

will help it over the hill. This remedy does not goad on the stomach to unnatural activity, nor is it a harsh cathartic, merely driving away undigested matter. Peptorene not only heals and strengthens sore tissues, but it contains ferments which actually digest food, and enable the blood to pick up the rich nourishment which the body needs.

Give your stomach a new constitution by taking Peptorene, and you will not only avoid a strike, but every tissue of your body will feel the benefit of life-giving nourishment.

A stomach built up by Peptorene is the kind whose existence is soon forgotten.

BATTLE CREEK HEALTH TABLET CO., Ltd.,
Battle Creek, Mich.

Gentlemen:

A few days ago you sent me, by request, a sample box of your Peptorene tablets and I have found them to be worth their weight in gold. I have been over two years a great sufferer from dyspepsia, constipation and stomach troubles and have taken many different kinds of treatments and consulted physicians and received no relief.

The results of the two packages of Peptorene tablets have been wonderful. Can recommend Peptorene tablets to any one troubled as I have been, for by actual test I have found them to give satisfaction.

Very gratefully yours, HUGH M. BEAVER.

Dear Sirs:

I received the sample of your Peptorene, the Health Tablet, and they have given the best of satisfaction in our family as a cure for indigestion, constipation, and all forms of stomach troubles. We are using them right along and always have them in the house, as we find them as advertised in every respect, therefore, could not refrain from letting you know how much good they have done in our family. I am,

Very respectfully yours, MISS L. HILL.

GROUND BROKEN FOR MOUNT MEMORIAL

Is Main College Building of Winona Institute—Cost to be $60,000.

Warsaw, Ind., March 23.—Ground was broken today at Winona for the $60,000 Governor Mount memorial, the main college building of the Winona Agricultural and Technical institute, which last week acquired the abandoned property at Indianapolis, known as the old arsenal grounds. The technical portion of the institute will be operated at Indianapolis.

Among the numerous gifts to Winona is that of Alexander McDonald, of Cincinnati, vice president of the Standard Oil company, of Kentucky, who has paid a sum aggregating $12,000 for the construction of canals which have reclaimed 20 acres within the assembly grounds. The Winona association now owns several hundred acres of ground which is being converted into a veritable little Venice, with its lagoons and numerous islands.

SLAVERY IN THE SOUTH.

Birmingham, Ala., March 23.—Robert M. Franklin, William T. Joiner, L. A. Grogan, Jesse London and John McDaniel, all of Goodwater, Coosa county, were brought to the United States court in this city Saturday morning by Deputy Marshals H. Gibson, Byron Trammel and B. A. Colcott, of Montgomery. The men, all of whom are white, are charged with kidnaping Madison Davis, a negro, last July, and selling him to Elijah Turner, who is alleged to have charge of lime works near Calcis, Ala. They are all under indictment. It is alleged by Davis that there are twenty-seven other negroes confined in the stockade at Calcis and kept there in involuntary servitude. The men under indictment are among the prominent citizens of Goodwater, Jesse London being a justice of the peace, and L. A. Grogan a bailiff. The others are merchants.

MILLIONS FOR A SCHOOL.

Boston, March 23.—By the will of Arioch Wentworth, the Boston real-estate millionaire, the estate estimated at $7,000,000, with the exception of a few annuities, goes to found an industrial school. The institution is to be called the Arioch Wentworth Industrial school.

Mr. Wentworth left a daughter, Mrs. Willoughby Stuart, and two grandsons. Mrs. Stuart is to receive an annuity of $12,000 and each of the young men is awarded an annuity of $6,000. The action of Mr. Wentworth, who previously had made a will leaving all his property to his daughter, in changing the disposition of his wealth, is attributed to trouble arising from certain financial transactions in which Mr. Stuart, his son-in-law, was involved while acting as British vice consul here last year and because of which Mr. Stuart was sent to an asylum for treatment for mental trouble. Mrs. Stuart will contest the will.

VOLUNTARY AND UNSOLICITED PRAISE OF CHAMBERLAIN'S COUGH REMEDY.

I wish to add one word (voluntarily and unsolicited) of praise and recommendation of Chamberlain's very valuable Cough Remedy.

I was induced to try it by a friend who said that one bottle of it cured a painter who was nearly dead with a cough. I asked the painter and he said it was true and that he felt that he owed his life to that one bottle of Chamberlain's Cough Remedy. My friend also told a lady of this place who was suffering with la grippe and a severe cough that she might employ all the doctors in town and that he would take a small bottle of this remedy and effect a cure quicker than the doctors could. She gratified him by making a trial of the remedy and was cured by one small bottle of it. Should you care to use this testimonial you are at liberty to do so. One bottle of the Cough Remedy cured me.

A. J. DaCOSTA, Practical Surveyor, Gainesville, Florida.

As will be seen by the above the great popularity and extensive sale of Chamberlain's Cough Remedy is due in a large measure to the personal recommendation of people who have been cured by it.

FARMER MAIMED BY MACHINE.

Noblesville, Ind., March 23.—Ellis Roberts, one of the well known farmers of Hamilton county, who lives near Eagletown, is the latest victim of the deadly corn shredder. Saturday afternoon while he was operating a machine his left hand was caught between the cogs. The four fingers and thumb were torn off and the palm of the hand so badly lacerated that amputation was necessary at the wrist. Mr. Roberts is the fourteenth farmer in this county who has been mangled by these machines since last fall.

Jacob Bickel has finally decided to locate permanently in California and wrote to a friend to have his household goods shipped to him at once. He will go into the orange and fruit business near Whittier, in southern California. He has been there prospecting for several months.

HOW TO WARD OFF AN ATTACK OF RHEUMATISM.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan Co., West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment."

WILL BUY RESTAURANT.

In accordance with decision of the Pennsylvania company to acquire control of all depot restaurants on its lines, the McKinine restaurant in this city, will shortly pass under the control of the corporation. W. B. Westlake, superintendent of the dining car department was in the city a few days ago and closed up the deal. The restaurant was started by Capt. McKinnie, father of William McKinnie, and has been under the control of the McKinnie family for many years.

Born, to Mr. and Mrs. Carl Hardung, a daughter. Mrs. Hardung will be remembered as Miss Carrie Merz.

One thing that has distinctly come out of the coal strike commission's work is the fact that next arbitration will be appealed to before and not after the country has been distracted and distressed by a gigantic industrial war.

The Indianapolis News suggests that in that town the term "business administration" be dropped for a time. The News discovers that the words have an application broad enough to cover all sorts of transgressions in the saloon and gambling business and believes "clean and honest" will describe the situation most desirable.

Despite the prognostications of political correspondents in Washington and New York, there is just as much prospect that Theodore Roosevelt will not be the republican candidate for president as that Grover Cleveland will be the candidate of the democrats. Roosevelt is distinctly in the race for his party nomination and has said so. Grover Cleveland is distinctly out of the democratic contest and has said so. Roosevelt cannot be ditched nor Cleveland put on the track.

It is much to be hoped that when the gas question has been dealt with in court, as it soon is to be, the situation will be cleared to such degree that the city council, the people and the gas company will know precisely what can be done. Certainly nothing has come of the matter through means heretofore employed to bring about more satisfactory conditions of the gas supply. When the gas question comes out of the limbo of the courts consumers will have definite judicial ruling upon which to base their action relative to the new contracts.

Plainly Venezuela does not know what she wants. A few weeks ago a committee of the republic's "first citizens" and most prominent business men urged President Castro to resign as a means of pacifying conditions internal. After getting the trouble with the allied creditors off his hands Castro has resigned. Now the congress unanimously protests against the resignation. Being on the ground, perhaps the congress best knows what is best and may look upon Castro, bad as he is, as being not the worst that could happen. Castro, however, appears to know when he has enough, and persists in resigning. Probably he wants to start a revolution.

The transfer of the Fort Wayne traction property to a syndicate having strong local representation can hardly help being of great benefit to the city from whatever point the matter is viewed. Messrs. H. C. Paul and S. B. Fleming have here other interests of such magnitude as will constitute always the most substantial reasons for effort to improve the traction system and the service it supplies. Not less important is the identification in a very large way of Hon. George McCulloch with the local enterprise. Mr. McCulloch, who with the Murdocks, of Lafayette, and Mr. Rogers, of Philadelphia, are interested in interurban and other traction properties on a gigantic scale, doubtless have large plans relating to Fort Wayne. Fort Wayne's size, its commercial importance and geographical situation unite to make it the logical center of a great traction system. That under the new regime this will be one of the important developments can hardly be scouted. Mr. McCulloch is at the head of one of the most important interurban railway systems in the country and has shown masterful genius in promoting and managing such enterprises. His identification with local interests doubtless will mean much to the future of Fort Wayne.

CITY CONVENTION DATES ARE CHOSEN

Democrats Will Nominate on April 3 and 4; Republicans on April 6 and 7.

The city central committees of both democratic and republican parties have selected dates for holding both the ward and primaries and the city conventions at which candidates for waterworks trustees will be selected.

At its meeting Saturday evening the republican city central committee chose Monday, April 6, for the ward primaries at which candidates for councilmen will be nominated, and delegates selected to the city convention April 7. This latter meeting will be held in the assembly room of the court house, to place in nomination candidates for waterworks trustees.

The democratic city central committee at a meeting held last week decided that the ward primaries for selecting candidates for councilmen from the respective wards would be chosen on Friday, April 3, and for candidates for waterworks trustees the nominations will be made on the following day, April 4th. Both parties are rather slower than usual in presenting candidates, but the next two weeks promise to be rather busy at that in some of the wards. A majority of the present incumbents will be candidates for re-election.

LOSES LIFE AT A FIRE.

Grand Rapids, Mich., March 23.—Daniel McQueen lost his life in a fire which destroyed the Henry Smith green house early today. The flames spread to a boarding house adjoining and O'Bailey was rescued after being overcome by smoke. He will recover. Other property was damaged, the aggregate loss being $35,000. The explosion of a lantern carried by McQueen is supposed to have caused the fire.

BOARD OF WORKS MEETS.

The board of works is in session this afternoon and received the plans and specifications from City Engineer Randall for several of the most important street improvements to be made this year. After examining the specifications resolutions were passed for the paving of Main street from Calhoun street to Main street bridge; Fairfield avenue from Brackenridge to Organ avenue, and Washington street from Calhoun street to Harmer. As soon as the resolutions are confirmed bids will be advertised for. It is stated on authority that Kentucky rock asphalt will not be admitted to the specifications this year.

Building permits have been issued to Frederick Kayser to erect a house on Thomas street at a cost of $1,200 and to John Huffman to build a house on Smith street to cost $1,700.

WATSON-DAMON.

Sunday afternoon at 4 o'clock at the home of the bride's parents, 1336 Buchanan street, occurred the marriage of Miss Clara A. Damon and Clarence J. Watson, Rev. Lake, of Calvary U. B. church, officiating. The bride has been a teacher in the city schools. Mr. Watson's home is in Huntington, but the young people will make their home in this city.

BETTER SHOW

For Her Children Than She Had.

They will do it because they don't think carefully, but parents who give coffee to children reap their own punishment in the puny, sickly looking little ones.

Many and many a child has been started on the road to disease that ended in death, by being improperly fed and given coffee, which is a rank poison to many a highly organized human being.

A lady of Atlanta, Ga., says: "My mother was a slave to the whims of her children and let us eat and drink anything we called for, particularly she gave us coffee and lots of it.

"I grew up delicate, nervous, half sick and miserable. When I was about grown I began having serious spells with my heart and my condition became so bad my friends decided I could not live long. At a consultation of physicians one of the doctors proposed that I discontinue coffee. This was years ago before Postum was discovered. I quit the coffee and in a year or two my heart was perfectly well.

"Several years later when I had a home of my own I imagined that the stimulant of coffee might benefit me, so I started in on it and in a few days the old symptoms of heart trouble returned. I quit it and took up Postum Food Coffee for my morning beverage and the heart trouble disappeared. I find Postum aids my digestion and has helped to build up my whole system.

"I now use it three times a day and give it to my children with the knowledge that it is a powerful, delicious liquid food instead of a pernicious poison." Name given by Postum Co., Battle Creek, Mich.

URGE HANNA TO RUN FOR THE PRESIDENCY

Monied Interests Said to be at Work to Crush Theodore Roosevelt.

Chicago, March 23.—A special to the Chronicle from Washington says:

Presidential politics is holding the center of the stage in Washington since the adjournment of congress. The big financial interests which contribute heavily to the republican campaign funds are renewing their efforts to induce Mark Hanna to enter the race against Roosevelt for the presidency, but without the slightest show of success. Hanna is growing old and is not in good health and he has made it plain within the last few weeks that he does not intend to be inveigled into the race. There is quite a general feeling that, aside from Hanna, the most logical man to rally the anti-Roosevelt forces is Senator Fairbanks, of Indiana.

Senator Fairbanks is engaged in no movement looking to capturing the presidential nomination. He is occupying the role of an interested and probably receptive onlooker. The talk that he has a literary bureau in operation and that he has invested in a chain of southern newspapers is without foundation. Heretofore the Indiana senator has always taken time by the forelock in his political battles and his friends say that if he intended to become a candidate against Roosevelt he would now be engaged in organization and clever work. The fact that he is doing nothing of this sort leads to the impression that when the time comes he will not be a candidate.

The signs at present point to the renomination of President Roosevelt, probably by acclamation. Notwithstanding the serious opposition which has been cropping out for over a year in various sections of the country he still wields a mighty force because of his position and of the patronage at his disposal and unless he makes some radical and unforeseen mistakes he will be chosen as the party's standard-bearer.

NO PAPAL DISAPPROVAL.

Cincinnati, March 23.—William W. J. D. Croke, a prominent Catholic correspondent of Rome, Italy, who has recently been quoted as having stated that the pope and the ecclesiastical authorities in Rome are opposed to the federation movement, has written here that an entirely unjustifiable meaning has been given in several papers to his statement about the Roman opinion and the question of Catholic federation in the United States. Mr. Croke says: "I am not aware that any idea of disapproving the federation movement is entertained and know nothing which indicates that such a measure is likely to be considered."

Anthony Matre, national secretary of the American Federation of Catholic societies, reports that more than half of the archbishops and bishops of the United States have approved the movement, including Pope Leo's direct representative, Archbishop D. Falconio, apostolic delegate to the United States.

YOUR MONEY RETURNED

If Hyomei Does Not Cure You of Catarrh, Say Meyer Bros. & Co.

In advertising that they will refund the money to any one purchasing a Hyomei outfit who can say that it has done them no good in the treatment of catarrh, Meyer Bros. & Co. mean exactly what this guarantee says.

Of course the percentage of cures by Hyomei is nearly one hundred or else they could not afford to make this unusual offer. But if the treatment should not be adapted to your case there will be no questions or quibblings when you go to get your money.

That the beginning of catarrh is due to the presence of germs in the air passages is now admitted by every physician. It stands to reason that catarrh cannot be cured unless these germs are first destroyed. The Hyomei treatment kills the catarrh germs even in the minutest air cells, soothes and heals the irritated mucous membrane and makes complete and lasting cures in cases that have resisted the usual methods of treatment.

Catarrh cannot be cured by medicines administered through the stomach. Hyomei is the only natural method and it has made cures that seem miraculous. An outfit costs but $1.00 and consists of an inhaler which will last a lifetime and sufficient Hyomei for more than a month's treatment. Additional bottles of Hyomei can be procured for 50c.

Meyer Bros. & Co. give their personal guarantee with every Hyomei outfit they sell to refund the money if it does not cure. There is no risk whatever to the purchaser of Hyomei.

JUDGE ASSAILS JURY.

Cleveland, Ohio, March 23.—"A weak and sentimental jury has made the public proclamation that murder committed by a woman is no crime in this country." With these words Judge Neff today, in the criminal court, assailed the jury that Saturday night acquitted Mrs. Wiurkowski of complicity in the murder of her husband and made her a free woman. The judge used the forcible language in condemning the jury while has was sentencing Charles Janowski to the penitentiary. Janowski was given a life sentence for the murder of Mrs. Wiurkowski's husband. A feature of the testimony introduced by the defense was the attempt to show that Janowski had been hypnotized by the woman.

ORDERS LAWYERS RELEASED.

Washington, March 23.—In the cases of Watts and Sachs, of Louisville, Ky., who were imprisoned at Indianapolis, Ind., on account of alleged contempt in the bankruptcy proceedings of Zeir & Co., the United States supreme court today ordered their immediate release and also granted leave to file petitions for habeas corpus and certiorari, to be made returnable on April 6 next. Messrs. Watts and Sachs are to be released upon their own bonds of $500 each. Their attorney, Mr. Fairleigh, who was in court at the time the order was issued, will leave immediately for Indianapolis for the purpose of securing the release of his clients.

Home lodge No. 342, F. and A. M. will have a called meeting Tuesday evening for work in the fellowcraft degree.

DO RIGHT AND FEAR NOT.

A. J. Silvera is of the opinion that he would not be doing right by his family if he did not keep a bottle of Chamberlain's Cough Remedy in the house. "I never feel alarmed when I hear my little boy cough," he says, "since I discovered what a wonderful medicine it is for the cure of coughs, colds and croup in children. I have used it frequently myself, too, and it never fails to cure." Mr. Silvera is a well known citizen of Buff Bay, Jamaica, West India Islands.

DR. FARRAR, DEAN OF CANTERBURY, DEAD

The Noted British Divine and Author Succumbs—Fame Was World-Wide.

London, March 23.—The Very Rev. Frederick William Farrar, D. D., F. R. S., dean of Canterbury and deputy clerk of the Closet of the king, died yesterday. He was 72 years old and had been Dean of Canterbury since 1895.

SKETCH OF HIS LIFE.

Since 1874, when his "Life of Christ" appeared, Dean Farrar's name has been perhaps as well known to the public as that of any Anglican ecclesiastic of the time.

He was born in India in 1831, being the son of the Rev. Charles Farrar—at that time a missionary under the Church Missionary society, and afterward, down to 1877, vicar of Sidcup, in Kent. The father was of extremely low-church complexion.

The son from the first made his way upward by very rapid steps. He went from King's College, London, to Trinity college, Cambridge, where he had a scholarship; came out fourth in the classical Tripos, gained a Trinity fellowship; went as an assistant master to Marlborough, and removed to Harrow, where he served under those distinguished heads, Drs. Vaughan and Butler.

It was during this period that he published his tales of schoolboy life, Julian Home" and "Eric; or, Little by Little." He also published at this time one or two educational works, including a "Greek Syntax" and a book on the "Origin of Language."

In 1871 he went back to Marlborough as head master, and quickly made his mark as the right man in that place.

The success of the "Life of Christ" marked him out for more distinguished things than schoolmastering. In 1876 he was appointed a canon of Westminster and rector of St. Margaret's church, which positions at once placed him in the ecclesiastical front rank. His next upward step was that of Archdeacon of Westminster, in 1883. In 1895 he was made Dean of Canterbury and Deputy Clerk of the Closet of the Queen. Previous to that appointment he had served as chaplain of the speaker of the house of commons. On the death of Queen Victoria he was appointed by King Edward as Deputy Clerk of the Closet of the King.

But it was as an author that Dr. Farrar was more widely known. It has been said that his "Life of Christ" has had the largest circulation in the world among works on the same subject. Besides the wide British circulation, the book was highly popular in the United States and has been translated into all of the continental languages.

Other works of Dr. Farrar's were: "Seekers After God," "The History of Interpretation," "The Life of St. Paul," "Darkness and Dawn," "Gathering Clouds," "Eternal Hope," "In the Days of Thy Youth," "The Bible, Its Meaning, and Supremacy," "The Herods," and "The Life of Lives."

POLICE CHIEF HITS EDITOR.

Aurora, Ill., March 23.—Chief of Police Frank Michels knocked down H. W. Phillips, publisher of the Aurora Daily Express, yesterday because of a crusade, which Phillips had been pursuing to secure the enforcement of the Sunday closing ordinance against the saloons of Aurora. Phillips had investigated and found several saloons doing a "back door" business. He asked the chief for assistance in closing them and was refused. Angry words followed and Chief Michels struck the publisher. The trouble occurred in the central police station. Aurora is wrought up over the affair and a warrant will be issued for the arrest of Chief Michels.

SEEK TO COERCE THE MAYOR.

Terre Haute, Ind., March 23.—The ministers of Terre Haute's Protestant churches yesterday preached against slot machines in accordance with a plan of the ministerial association to create sentiment that will compel Mayor Steeg to suppress such machines. Several ministers said the mayor had slandered the merchants of the city by telling the association's committee that the merchants had petitioned him to permit gambling. The ministers made the point that slot machines were corrupting the youth.

PREACHER SCORES GENERAL FUNSTON

Manner of Capturing Aguinaldo Denounced by Rev. Dr. Parkhurst.

New York, March 23.—Rev. Charles H. Parkhurst preached a sermon on "Lying" yesterday at the Madison Square Presbyterian church and in the course of it he said:

"It has to be conceded that we have learned not to take falsehood too seriously; that a lie need be only slightly disguised to be almost as respectable as truth, and that the combined influence of habit and of polite society has taught us to forget that a white lie differs from a black one only in not having the courage of its own depravity, a black lie being an enterprising falsehood, a white lie a sneaking one.

"A deplorable illustration of the general apathy upon the matter was afforded by the easy, popular assent accorded to the ignominious treachery practiced upon the Philippine leader Aguinaldo by our army officer Funston, a treachery ordered and approved by General MacArthur. The facts in the case were these: Funston disguised himself and some of his men in the uniform worn by Filipinos, crept in upon Aguinaldo stealthily under that guise, tricked him by a forged letter pretending that they were hungry, made capital out of the holy rite of hospitality, then flung Aguinaldo to the ground and made him captive; violated the laws of war, the laws of hospitality and the law of God.

"And the people of the United States, with some exceptions, instead of mutinying against this act of damnable perfidy thought it rather a shrewd trick on Funston's part and the senate promoted him. If it is replied that this is only one of the necessary accomplishments of war, yes, perhaps so among Christians. But it was a heathen general—Alexander the Great, I think—who said, 'The gods forbid that I should steal a victory in the dark.'"

TO TEST INDETERMINATE LAW.

Knox, Ind., March 23.—The constitutionality of the interminate sentence law in Indiana is to be tested in a case that will be carried to the Indiana supreme court this week. In the brief it is contended that a board of prison managers is not clothed by law with the power to sit in judgment and pass on cases where an inmate is held beyond the minimum term because of any infraction of the rules of the institution.

It is claimed that before such prisoner may be held he must be indicted and tried by a jury. The case is that of Charles Terry, now in the Indiana reformatory at Jeffersonville. At the end of the minimum term the board of managers refused to parole Terry, claiming that for certain infractions of the rules of the institution the convict was fined and held to serve out such fines. Through his attorney he applied for a writ of habeas corpus. Before Judge James K. Marsh, of the Clark county circuit court, the attorney for the board moved to quash the writ, and the motion was allowed. The attorney for Terry now appeals to the supreme court, charging in his brief inhuman treatment on the part of the prison management toward the applicant, and that the boy is being held because of his value to the contractor to whom the prisoner's service is farmed out at the rate of 40 cents a day, while the profit of a day's labor of the young prisoner is $3.60.

FIND ORE OF GREAT VALUE.

Helena, Mont., March 23.—Montana gives every promise of having a second Butte, so far as copper mining is concerned. While the discoveries were originally made last fall, and rich ones at that, the ore was not nearly as rich as that uncovered this spring in the Tarbox mine at Saltese, Missoula county. Reports of an exceedingly rich copper and gold strike have just been received from that place. One sixty-pound piece of ore was extracted last week which was nearly solid copper, and of the remaining ingredients gold predominated. The discovery of this phenomenally rich ore has created not a little excitement and the predictions that another Butte will soon be in existence finds credence in mining circles. State Mine Inspector Howard Welch, who has returned from there, has no hesitancy in pronouncing the discoveries among the richest in recent years, so far as the red metal is concerned. The ore on an average, so far as developments have gone, is nearly twice as rich as that of Butte, the world's greatest copper mining camp, and the ore bodies have been exposed for a considerable distance, showing the existence of buried fortunes.

GOVERNOR DAVIS IS ACCUSED.

Little Rock, Ark., March 23.—The efforts of the ways and means committee to secure the attendance of former United States Deputy Marshal Flore Carpenter, of Arkadelphia, as a witness against Governor Davis have so far failed. He sent word yesterday that he would not come to Little Rock unless he was compelled to do so. The committee therefore decided to ask the house for an attachment to compel Carpenter's attendance. This will be done today. Dr. E. K. Williams, of Arkadelphia, swore that Carpenter met him on the morning after the last state democratic primaries and told him that Governor Davis had called him up over the 'phone to learn how Clark county had gone for United States senator. "I told him," said Carpenter, "that Senator James K. Jones had carried the county by 250 majority." "This will not do," replied Governor Davis, "you must return the county for Governor Clark by all means. Remember, I am governor, and if you get in trouble I will protect or pardon you." Dr. Williams testified also that Mr. Carpenter told him that he would tell the exact truth if called upon to do so, but that he would not come to Little Rock unless he was compelled.

Judge Bernetha, of Rochester, has agreed to preside at the disbarment proceedings brought by Judge Branyan against Attorney Morgan at Huntington.

A miniature earthquake is believed to be responsible for the destruction of a new ditch upon the farm of a man named Ehrbaugh, near Logansport, Friday night. The bottom simply dropped out of the drain.

Oil drillers on the farm of H. G. Thompson, in Salamonie township, Huntington county, struck a lake of water at a depth of 200 feet, and attempts to find the bottom of the pool have failed owing to the strong current of water.

Homer Gingerick, a Warsaw boy, on parole from the reformatory at Plainfield, where he was sent for larceny, robbed the till at Hall's poolroom a few nights ago and will be returned to the institution.

To forestall a strike, the boss barbers at Logansport discharged their journeymen after working hours Saturday night and the shops will remain closed until the differences between the union and the bosses are adjusted by arbitration.

Bert Farner, of DeKalb county, pleaded guilty to the charge of rape, and was given a sentence of from one to twenty-one years in the penitentiary. His victim was a fifteen-year-old girl. Mrs. Farner is now suing for divorce.

Mrs. S. F. Method, of Elkhart, declined to receive a set of books which her husband had ordered conditional upon her approval. She ordered the agent off the premises and threw the books into the street. They are still lying there in the mud, and the agent threatens to bring suit.

J. H. Kaufman, of Andrews, was attacked in a field by a vicious bull and narrowly escaped with his life. Kaufman was knocked down and trampled, but finally succeeded in backing into a hole in a strawstack, where he fought the animal with a pocket knife. The bull was only driven away after its nose had been repeatedly slashed.

TAYLOR STREET FIGHT BROUGHT TO AN END

Plaintiffs in Suits Withdraw Complaints—General News of the Courts.

The Taylor street matter, so long pending in the courts, has finally been settled. Over a year ago, after the Southwestern traction lines were completed, a resolution was passed by the board of works providing for the widening of Taylor street by the condemnation of five feet of property on either side of the tracks at those portions where the street was unusually narrow. There was much objection to the proposition and several suits were instituted, but were afterwards withdrawn. As matters progressed a property owner named Hines and Henry Fletter filed separate suits on appeal from the board of works, and the cases were recently set for trial this morning in the superior court. Some witnesses were examined during the forenoon, and when court convened this afternoon both the plaintiffs withdrew their suits, admitting that they had been misinformed and were in the wrong. The street will now be widened without further opposition and will be made of a uniform width of forty feet, where before in portions it was barely a lane thirty feet in width.

COURT NOTES.

The will of Elizabeth Pettit, late of Washington township, was probated today.

Elizabeth R. Cramer today filed a suit for divorce from Edward M. Cramer and alimony in the sum of $2,000. She was also granted an injunction restraining the defendant from disposing of any of his property and the Bass works from paying any money now due him of which the plaintiff says there is a large amount. The complain alleges that the defendant has abused and struck her, has called her vile names, has boasted of his adultery with other women and made life so unbearable with him that they were obliged to separate.

Maud Watson and Charles Watson were divorced in 1901, but the order was never entered up. Today Mrs. Watson came in again and asked that the case be redocketed so that the proceeding could be entered up in regular form. Another divorce will follow, probably today.

The Stahlhut divorce case has been set for trial in the superior court for April 16.

Several years ago Millie A. Wilkinson, the divorced wife of H. P. Vordermark, secured a judgment against him in the Wells circuit court, on change of venue, for $1,800. This judgment remained unpaid and recently she commenced suit in the Allen superior court to recover on the judgment with interest and added costs. The suit was for $3,000 and this morning Judge Heaton rendered a judgment for the plaintiff in the sum of $2,800.88.

The damage suit of Strobel vs. Zoeller & Merz is on trial before a jury and Judge O'Rourke in the circuit court.

The case of the county board of commissioners vs. the Fort Wayne Water Power company, which has been pending for a matter of ten years and has been to the supreme court and back, was dismissed this morning in the circuit court at the plaintiff's cost.

Minnie Goldburger has commenced suit against H. P. O'Reilly on a note and mortgage for $350, being an unsettled claim involved in the purchase by O'Reilly of the St. Nicholas hotel furnishings last year. Mr. O'Reilly no longer "keeps the hotel."

Amanda Watson has commenced action against Owen E. Hill et al to quiet title.

The suit of Mary C. Winch vs. the supreme lodge of the Modern American Fraternal order was dismissed in the circuit court today.

Wilkes Gillette, of the recorder's office, left for Mt. Clemens this afternoon to take treatment for rheumatism.

END OF KENNEDY CASE.

New York, March 23.—The indictment of murder in the first degree against Dr. Samuel J. Kennedy was dismissed today. Dr. Kennedy was charged with the murder of Dollie Reynolds in the Grand hotel on Aug. 16, 1898. Kennedy was convicted and was in the death house at Sing Sing for twenty-one months, until a new trial was ordered. On the new trial the jury disagreed and he was released on bail.

GRAND JURY HAS KNAPP CASE.

Hamilton, Ohio, March 23.—The special grand jury to investigate the case of A. A. Knapp, the confessed murderer, was charged by Judge Belton and retired at 10 o'clock today. The jury investigated the Samuel Keeler wife murder today and will take up Knapp's case tomorrow.

MARRIAGE LICENSES.

Charles C. Diehl and Mary C. Walda.

MRS. BURDICK TAKES STAND AT INQUEST

Much Interest in Testimony of Widow of the Murdered Man.

Buffalo, March 23.—The inquest into the death of Edwin L. Burdick was resumed by District Attorney Coatsworth and Police Justice Murphy this afternoon. Interest centered upon the appearance and testimony of the widow of the murdered man. It had been stated by her lawyer that she would be a frank witness and do all in her power to aid the authorities.

The first witness was George G. Miller, attorney for Edwin L. Burdick in the divorce case.

Mr. Miller testified that he had been retained by Mr. Burdick to carry on the divorce proceedings against Mrs. Burdick. The case was to come up on March 3, he said. Mr. Burdick was murdered on February 26.

He saw Burdick about 6 o'clock on the night of his death. He did not say anything about having an appointment at his house with anyone.

Mr. Burdick carried a revolver, said the witness, but so far as he knew there had been no threats of violence against Burdick by Arthur R. Pennell, the co-respondent in the divorce suit. At one of the conferences in his office Mr. Pennell had made a veiled threat at suicide, but never used words implying that that was his intention. Pennell had never threatened to kill himself and Mrs. Burdick.

Henry J. Orrett, the Pennell furnace man, was called. His testimony was unimportant, and Miss Lizzie Romano, Mrs. Pennell's maid, took the witness stand.

Pennell dined at home at 7:30 on the evening of the murder, she said. She could not recall Pennell telephoning to any one or any one calling for him; neither could she recall what he did after dinner. She saw him in Mrs. Pennell's room reading at 7:45. She saw Pennell again at 10 o'clock. She did not see him after that until 8 o'clock the next morning. District Attorney Coatsworth questioned the witness regarding Mr. Pennell's clothing evidently with the purpose of drawing from her whether she knew a pair of Pennell's trousers were missing. She could give no information on the point. She never heard unpleasant words between Mr. and Mrs. Pennell.

Mrs. Burdick took the stand at 3:30 p. m. She appeared pale and wasted. She had known Pennell four or five years, having met him at a party of her friends.

"Do you remember receiving a letter from Pennell in 1900 written at New Haven in which he said 'Yesterday I was at the gateway on the campus grounds where more than two years ago I drew you in in the darkness. This place enshrines me.'"

"No, sir, I do not."

The district attorney showed to the witness the letter from which he had quoted.

Mrs. Burdick trembled. She took the examination very hard.

"Do you recognize it as his handwriting?"

"Yes," whispered Mrs. Burdick.

"And you recall the incident?"

"Yes, sir."

Witness said Pennell had taken her into a doorway and kissed her. She thought she had remonstrated.

HON. N. W. GILBERT HOME.

Lieutenant Governor N. W. Gilbert arrived in the city this morning from French Lick Springs, where he has been recuperating since the adjournment of the legislature. The lieutenant governor is feeling much better than when he left Indianapolis, but has not yet fully regained his strength. The legislative session was most exhausting in its demands upon his strength, and the lieutenant governor says that for the first time the long continued strain of twenty hours work daily compelled him to seek positive rest and quietude at the close of the session. He will resume his law practice as rapidly as returning strength will warrant.

HICKS MACHINE COMPLETE.

The last piece of machinery to complete the Hicks mining and ore treating plant arrived this morning and is being installed at the Bass works. It was a huge ore crusher, which was built in Milwaukee and will be operated tomorrow and every day this week in connection with the series of demonstrations to be made. A large number of western mining magnates are expected in the city to investigate the new process within the next two weeks.

MEASLES CLOSES COLLEGE.

Hamilton, Ohio, March 23.—The authorities of Hertford college, near here, ordered the college closed today because of the outbreak of German measles among the 125 young women present. Some of the young women were sen home today.

LADRONES CAPTURE CITY IN MINDANAO

Constabulary Inspector and Several Others Killed in the Attack.

Manila, March 23.—The town of Surigao, in the northeastern part of the island of Mindanao, was captured yesterday by Ladrones, who killed Constabulary Inspector Clarke and several others. A detachment of thirty men, belonging to the Tenth infantry, under the command of Lieutenants Patterson and Brown, is hurrying from Iligan, on the northwest coast of Mindanao, to Surigao, on the transport Reilley, with orders to recapture that place.

Brigadier General Sumner, commanding the department of Mindanao, has been ordered to send two additional companies of troops to Surigao. It is reported that the Ladrones are holding the town, but details of the fight have not been received. The fate of the white officials and other foreigners is not known. If they have been captured vigorous measures will be taken to rescue them. This is the first time American troops have been used since peace with the Moros was declared.

Governor Taft and General Davis are going to Jolo for a conference with the sultan and leading Moros of Jolo in the hope of averting trouble. They will leave here Wednesday.

They will leave here Wednesday on the transport Ingalls. No advices have been received from Jolo since Saturday. The situation there is regarded as being critical, although Governor Taft and General Davis hope to quell the unrest and to succeed in making the Moros understand the intentions of the Americans.

The burial ship Preteus has arrived here from the Jolo archipelago, bringing the bodies of five hundred soldiers and a few civilians. The bodies will be sent home on a transport.

TRAGEDY IN INDIANAPOLIS.

Indianapolis, Ind., March 23.—Vicious negroes on East Court street started a feud early last evening by bombarding Al Wright, a crippled negro, with stones, renewing the attack until Wright fled to his home and armed himself. About 11 o'clock last night a negro entered the house harboring the rioters and opened fire with his revolver, instantly killing John Willis and Lora Jeffries, the latter aged 14, and daughter of Mrs. Lucy Coleman. The mother was shot in the hand and Frank Rounds through the arm. Ollie Fisher, involved in the same affair, but who escaped, is supposed to be wounded. The little child of Mrs. Coleman was slightly wounded.

The shooting was done in a small room and nearly every shot took effect. The police are hunting for Wright, under the supposition that he wielded the gun.

WILL EXPLORE HUDSON BAY.

New Bedford, Mass., March 23.—Walter E. Hoxie, second mate of the steamer America, who was left behind when the Ziegler party sailed on that vessel for their polar expedition, is planning to make a trip to Hudson bay in a catboat. He will follow the coast northward and explore the Labrador coast and the entire Hudson bay coast. He says it will be a trip such as no man ever made before. When he is through with the Hudson bay trip he will go aboard a Scotch whaler, of which there are many in that latitude at the time when Hoxie will be there, go with her to Scotland and return to America by steamer. If he is unable to get sufficient backing for the venture he will make the trip to Hudson bay overland.

HILL PROMOTES SON-IN-LAW.

St. Paul, Minn., March 23.—Trouble is brewing in the official family of the Great Northern railway, owing to the action of James J. Hill in making George Theron Slade, his son-in-law, general superintendent of the company. Slade has resigned from the Erie and will assume charge here April 1. Friends of James M. Gruber, for some years assistant general superintendent of the Great Northern, say that President Hill promised Gruber the general superintendency when the first vacancy occurred, but Frank Ward was appointed and has since been made general manager, and now Slade is to come west. Gruber's resignation is said to have been placed in Ward's hands. It is reported that other Great Northern changes are to follow soon.

LEVEES STILL HOLD.

New Orleans, La., March 23.—With all the Louisiana levees on the main stream holding, the river continues to rise slowly here, but no anxiety is felt. Beyond the trifling break sixty miles down the river, the damage from which is inconsequential, and the Bougere break at Concordia, all Louisiana levees have sustained the strain against them.

NEW SYNDICATE MAY BUY SOUTHWESTERN

(Continued from First Page.)

will be a meeting of stockholders of the new company in this city. If Mr. Jones finds it convenient to come to Fort Wayne at this time this meeting will be held on Friday, and the members of the company will spend several days in the city going over the property, discussing policies and formulating more detailed plans for the carrying forward of its projects. Should the eastern stockholders be unable to come on Friday the meeting will be held early next week.

The matter of the price paid for the property still remains a secret between buyers and sellers, and the members of the company decline to shed any further light upon this phase of the transaction, but as the property is a valuable one, it is probable that the previous estimates of a figure exceeding $1,500,000 were not greatly at variance from the actual price. Neither were the stockholders in position to make more definite announcement concerning the policy toward interurban lines. Interests in the city line and in the Lima interurban line are in part identical, however, and it would not be strange if the near future saw a merger of interurban railways under this management that would give a continuous electric line from Lima to Lafayette. In any event, the welding of the new financial interests in Fort Wayne may be safely assumed to mean great things for this city as an electric railroad center.

CAUGHT BY FALLING WALLS.

Lincoln, Neb., March 23.—A special to the Star from Shelton, Neb., says: A falling wall caught several volunteer firemen here at 10 o'clock this morning. Only one, Fred Colby, was dragged out alive from beneath the debris. It is not known how many others are buried beneath the wall. The fire originated yesterday in the office of a newspaper and three buildings with their contents were destroyed. The smouldering ruins were fanned into a blaze again this morning and Morris' drug store, Southerland's drug store and Hart's hardware store caught fire. The town being without fire protection, more than 300 men, women and children turned out to fight the flames, which, aided by a strong wind, threatened the entire business district.

CITIZENSHIP TEST CASE.

Washington, March 23.—The United States supreme court today granted leave to U. S. Joins to file in the court a petition for a writ of prohibition. The case involves the question of Joins' citizenship in the Choctaw and Chickasaw Indian territory, which has been denied him by the citizenship court for those tribes and it is a test case. The effect of the order will be to bring the decision of the Indian court to the supreme court for review. The rule was made returnable on the 19th of October next.

KING TALKS TO POTTS.

Rome, March 23.—King Victor Emmanuel today received Lieut. Commander Potts, United States naval attache, in private audience and conversed most cordially with the attache, showing great interest in the progress of the United States navy and the recent manoeuvers in West Indian waters. The American officer was astonished at the king's knowledge of naval affairs generally.

IN JUSTICES' COURTS.

John Reber was on Saturday sent to jail for fifteen days by Justice Skelton. Reber had been drinking and became abusive to his family, winding up by beating his wife, who filed an affidavit against him. Reber said he guessed a jail sentence would do him some good and sober him up.

Samuel Swayne has filed an affidavit against Noah Knepper for harboring a sheep killing dog.

CITY BREVITIES.

An unknown drunken man, too sloppy to give his name, was arrested at the south depot this morning.

Clarence Davis, of Avilla, who was operated upon for appendicitis at Hope hospital a short time ago, is getting along nicely and will soon be taken to his home.

Louis Schlaudroff, humane officer, today purchased of Dr. L. J. Shackelford, of Warsaw, the property at 1129 Michigan avenue which has been occupied by Mr. Schlaudroff during the past nine years. The consideration was $1,800.

Joseph Imler left this afternoon for Wharton, W. Va., where he will fit up several engines belonging to the London Lane Boom and Lumber company with his automatic antifriction piston head. This piston head is something new in its line and Mr. Imler, who is the patentee, claims it will save 10 per cent of fuel and increase the power of the engine equipped with it.

DEATHS AND FUNERALS.

GLEASON.

Mrs. Martha Jane Gleason, wife of John Gleason, died at 6:50 o'clock this morning at her home, 212 Melita street, after an illness of two years from pulmonary tuberculosis.

Mrs. Gleason's age was forty-five years and she was born in this city. The surviving members of the immediate family are the husband and three sons—James, Elmer and Byron Gleason. Other relatives are the mother, Mrs. Elizabeth Lomas, of this city, and brothers and sisters, as follows: William Lomas, New Castle, Ind.; Charles Lomas, West Superior, Wis.; Byron and Edward Lomas, Chicago; Mrs. Isaac Joiner, of Anderson; Mrs. Lon Hutchison and Dr. James A. Lomas, of this city.

Mrs. Gleason was a most estimable woman and had a wide circle of friends. The husband is employed at the Wabash railroad shops.

SILER.

Mary S. Siler, nineteen years of age, died Sunday morning from tuberculosis at the Indiana school for feeble minded youth.

The remains were shipped today to her former home at Mays, Ind., for interment.

BACON.

Gladys Bacon, infant daughter of Mr. and Mrs. Frederick Bacon, died Saturday night at the family home, 726 Runnion avenue.

The funeral services will be held Tuesday afternoon at 2 o'clock from the residence, Rev. Fleming officiating, and the remains will be shipped to Pennsylvania for interment.

FUNERAL NOTICES.

Liggett.—Brief funeral services over the remains of Mrs. Ida M. Liggett will be held from the residence, 1709 Harrison street, Tuesday morning at 9 o'clock, in charge of the Degree of Honor and the Ladies of the Maccabees. The remains will be shipped at 10:20 o'clock to Plymouth, where the funeral services will be held.

CORRECT CALLING CARDS.

Cut from pure white, unglazed bristol board, flexible, but not too thin, with edges finished, but not beveled, the visiting card for a lady is not larger than two and seven-eights inches in length and two and one-eighth inches in width. A man's card may be two and six-eighths inches in length by one and three-eighths inches in width, or three and one-eighth inches in length by one inch and a half in width. The cards are engraved in block, script or old English lettering, says the World Today Magazine.

In America a woman boasts of but one of two titles—Mrs. or Miss—no matter what the title borne by her husband or father. Even a woman physician must be Mrs. Theodore Jones on her visiting cards, not Dr. Alice K. Jones. She may, however, be Mrs. Alice K. Jones, M. D., but few women even with professional titles care to drop the husband's name in other than a professional connection.

The fad which swept the country a few years ago of "parting the name in the middle" is no longer good form. If John Russell Jones is known to his friends as Russell his cards should read Mr. John Russell Jones, and Mr. J. Russell Jones and his wife must also observe the rule. The changing of social usages has brought likewise the welcome reform that custom no longer demands a widow's dropping of her husband's name from her visiting cards. Where the affection has been genuine and the life together pleasant, the parting with the name as well as the companion has often been a matter of much sorrow to the widow. Now the retaining or dropping of the husband's full name is a matter of choice.

Easy Pill

Easy to take and easy to act is that famous little pill, DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.

HERPICIDE
Relieves Dandruff Immediately

and causes thick, glossy hair to supplant the former thin, brittle growth.

Newbro's Herpicide performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.

One bottle will convince that it is the only hair restorer that really restores.

DESPERADOES TAKEN AFTER LONG FIGHT

Lively Battle Between Two Section Men and Posse at Brown's Valley, Ind.

Crawfordsville, Ind., March 23.—After a long fight with a posse of 100 men, ending in a daring attempt to escape under cover of darkness, Bert and Jesse Hills, section men on the Vandalia railroad, were captured in a wild ravine on Sugar creek, near Brown's valley, Sunday morning. The capture culminated a battle lasting all Saturday night and part of Saturday.

The men, in attempting to clean out the town, first attacked the station agent, Arthur Jordan, who shot one of them with a revolver. They resented his action and went to town to procure weapons. The proprietor of the store, James Patton, refused to sell them revolvers, when they picked up scale weights and hurled them at Patton and his customers who were in the store. Several persons were knocked down, but made their escape, leaving the Hills in possession of the store.

A posse was formed, and the Hills took refuge in Dr. Williams' office, which they barricaded, and successfully resisted the attacks of the posse. In the night they escaped from the office, although the posse built a bonfire and camped outside. The entire town started in pursuit, and after a thirty-mile cross-country chase they were captured.

Twice the posse caught sight of them, but both times they escaped, once by seizing a hand car and running it down the Vandalia track several miles, and the second time by catching horses in an open field and riding them without bridles or saddles.

The capture was effected by Scott Steele, a Crawfordsville policeman. His attention was drawn to the smoke of their camp fire, and, creeping up, he caught the Hills, worn out with their long chase and fast asleep. They made a show of resistance, but weakened when a bullet from Steele's revolver pierced the cap of Jesse Hills.

TOWN MARSHAL IS ACCUSED.

Kokomo, Ind., March 23.—Town Marshal John Pool, of Greentown, will be green-carpeted by the municipal board on charges of neglect of duty and intoxication. There were several saloon brawls and bloody street riots at Greentown last week and it is charged that Pool made no effort to suppress the lawlessness, and that he was in sympathy with the toughs. Prosecutor Cooper, of this city, has been called to prosecute the official. In one of the fights started over a poker game in the Murphy saloon Charles Martin was thrown through a plate glass window and he was horribly lacerated.

DESCENDANT OF PERRY DIES.

Bristol, R. I., March 23.—Major Raymond H. Perry, a lineal descendant of Commodore Oliver Hazard Perry, of Lake Erie fame, is dead here, aged 67 years. Major Perry served with distinction with General Burnside in the civil war and was noted for his courage and devotion to duty. He served as United States consul at Santo Domingo under President Grant. In 1867 he was shot and as was supposed, killed. His friends in the north were notified and the body was prepared for shipment north. Before the train started he recovered consciousness. He leaves four brothers and one daughter.

WILL BE A CANDIDATE.

Fort Wayne will have a candidate for the office of commander of the Indiana division of the Sons of Veterans in the person of Capt. T. W. Blair and a committee consisting of Congressman Robinson, W. H. Geller, E. H. Bookwalter, E. R. Sutton and J. Roberts will work in his interests in the coming state encampment at Peru July 7 to 9. The election of Captain Blair means that the state headquarters will be removed to this city, and that the state encampment will be held here next year. Captain Blair is eminently fitted for the office and has received assurances of support from a number of posts.

FORMS BAKING COMPANY.

A new baking company is being organized among the traveling salesmen of the city by James C. Craig until recently a heavy stockholder in the Wayne Biscuit company, and articles of incorporation, which are being prepared by Judge Vesey, will be filed this week. The company will be capitalized at $50,000, of which $35,000 has already been subscribed among the city traveling salesmen.

NEW LIFE FOLLOWS OLD.

New York, March 23.—A daughter was born to Mrs. Clarence H. Mackay at her home near Roslyn, L. I., shortly after Mrs. Mackay had returned there from the bedside of her mother, Mrs. William A. Duer, who died here yesterday.

THREE PERISH IN STRANGE TRAGEDY

Man, Wife and Child Found Dead in Their Home in Cincinnati.

Cincinnati, O., March 23.—There was a mysterious triple tragedy here Saturday night at the home of A. M. Betty, local manager of the Washburn-Crosby mills of Minneapolis, in the Carrollton flats on Gilbert avenue, but it was not known until last night, when the dead bodies of A. M. Betty, his wife, Lulu Betty, and their boy, Harry, aged 20 months, were found by neighbors.

A note written by Betty was found, in which he accused his wife of killing the babe, and the police think the woman may have killed herself and child on account of domestic troubles.

It is stated that divorce proceedings had been instituted two years ago and were withdrawn before the birth of their boy. As Betty was known to have been in a poker game near his home as late as Saturday night, it is thought that he found the dead bodies on his return home and then deliberately took his own life.

The body of the babe was found in the bath tub with no marks on it whatever. It is thought that Betty took it from the crib and tried to revive it by turning on the water. When he found it dead he lay down beside his wife's dead body to die from asphyxiation, and in that position their bodies were found.

The odor of the gas led to the search last evening that disclosed the three dead bodies. There is nothing to indicate how any of the family came to their death except the line left by Betty and the fact that the was gas turned on.

The coroner and others think Mrs. Betty was dead hours before her husband came home and that the child possibly may have died after he returned.

While there are indefinite reports about Betty's troubles at home, he was prominent in business circles. He came originally from Memphis and formerly was with omnibus transfer companies at Chattanooga and St. Louis.

PRAISES FORT WAYNE ARTISTS.

(Kendallville Sun.)

The song recital given last night at the Presbyterian church was one of the best entertainments that Kendallville audiences have had the privilege of hearing. The program was rendered by the Haydn and Linden quartets, of Fort Wayne, assisted by Mrs. Isabel C. Moffat, soprano, and Miss Lillian A. Mathis, organist, as only high-class programs can be rendered by high-class artists. The company was greeted by an audience that not only taxed the seating capacity of the church, but also showed its appreciation of good music by vigorous and continued applause.

The ease and soul in Mrs. Moffat's singing revealed the true artist and trained musician. Miss Mathis proved herself master of the pipe organ. Her technique and expression were skilful and beautiful and the audience called for the reptition of her numbers with a vigorous encore. By request Messrs. Stouder and Yarnelle each sang a solo with much credit to themselves and to the edification of the hearers. Both gentlemen were recalled for an encore.

Too much cannot be said about the beauty of the quartet and double quartet work. Each quartet in its individual numbers showed its mastery of the art of quartet singing, while the double quartet was magnificent in its songs.

STORING HARD COAL.

Philadelphia, March 23.—A decrease in the hard coal traffic is enabling the Reading company to fill the bins at Landingville, Pa., and other storage yards. The coal shipments over the Reading main line have been reduced from 10,000 to 7,000 cars weekly and large quantites of chestnut, pea and buckwheat have recently been stored. More than 16,000 tons of buckwheat coal has been unloaded into the chutes at Reading. There is a heavy demand for anthracite in the west which is being regularly supplied.

DENIES WRIGHT'S REQUEST.

London, March 23.—The home office has declined to adopt Whitaker Wright's suggestion that it withdraw the extradition proceedings and allow him to return to London from New York of his own accord.

ATTORNEY WATSON FOUND DEAD IN BED

Lawyer at Warsaw Had Taken Morphine and Died from the Effect.

Warsaw, Ind., March 23.—Attorney William S. Watson, formerly engaged in legal practice in Texas, was found dead in his bed at the White house here Sunday afternoon. Considerably under the influence of liquor, Watson went to his room at 4 o'clock Saturday afternoon. Attaches of the hotel failing to get a response when he was called for breakfast concluded to let him rest.

Later the room was broken open. A bottle of morphine was found near the body and indications are that he took the drug with suicidal intent, although relatives here are inclined to the opinion that such was not the case and that he accidentally swallowed an overdose. Watson was a veteran of the civil war. His widow and child are at Peru.

CANNOT ENDURE CLEVELAND.

Buffalo, N. Y., March 23.—Senator Teller, of Colorado, is in Buffalo, and in an interview spoke bitterly of the talk in some quarters of pushing ex-President Cleveland for the democratic nomination for president next year. He declared the west would have nothing to do with him and that there was no possibility of his receiving the nomination. The democrats, in Senator Teller's opinion, will not nominate any man who was not in harmony with the platforms of 1896 and 1900.

WHOLE ISLAND IN DARKNESS.

Kingstown, St. Vincent, March 23.—The eruption of La Soufriere, which began Saturday, continued and increased in activity during the night until it became most violent at 7 o'clock yesterday morning. At half-past 8 o'clock yesterday morning its violence was unabated and the spectacle was awe-inspiring. The crater is belching forth dense black clouds, which rise heavenward, accompanied by loud roaring and flashes which rend the spreading pall of smoke which now envelopes the entire island in darkness. Electrical discharges occurred at intervals during the night, while at daybreak the sunlight playing on the stupendous volcanic clouds produced exceedingly beautiful effects.

Relying upon the scientific opinion that Kingstown, although covered with heavy clouds which completely obscure the sun, is not in danger, the population shows no alarm. According to advices from Chateau Belair dark sand is falling there and Pointe-a-Pitre reports that strong detonations were heard there throughout Saturday night and Sunday morning.

DIED FROM A STAB WOUND.

Terre Haute, Ind., March 23.—Edward Winkle stabbed and killed Harry Warner, aged thirty, who was drunk and trying to force his way into the Winkle home. The stabbing was done Saturday evening, but Warner walked away after the affray, and because of the lack of prompt attention died yesterday morning. Warner tried to enter the Winkle home and when told to leave and that he was at the wrong house, assaulted young Winkle and knocked him down. Then Winkle used his knife.

Noah Webster, the original author of this magnificent work, needs no introduction to the American public, for his name is a household word, and next to the "Father of His Country," is the most widely known American. The "Webster's Encyclopedic Dictionary" contains all of the original "Webster Dictionary," and in addition has been revised and enlarged by

Rt. Rev. Samuel Fallows, A.M.,D.D. Late Professor-Elect of the University of Wisconsin; late Superintendent of Public Instruction of Wisconsin; ex-President of Illinois Wesleyan University; member of the Philosophical Society of Great Britain; author of "Synonyms and Antonyms," "Hand-book of Abbreviations," etc.

No other dictionary on the market is right up-to-date like the "Webster Encyclopedic Dictionary," having just recently been revised and enlarged and now contains such words as automobile, dynamite, spermology, viben.

Why Should You Possess This Valuable Work?

Because it is the duty of every American to be able to speak and read the English language CORRECTLY. In order to obtain thorough knowledge on any subject, or to form a sound judgment, it is necessary that you be familiar with every word—the spelling, the pronunciation and meaning of each word used in speech or current literature. No one can catch the exact thought which an author or speaker intends to convey unless he knows the significance of all the words used. THEREFORE, a Dictionary is an ABSOLUTE NECESSITY—THE BEST, THE MOST ACCURATE AND COMPLETE THAT CAN BE OBTAINED—

"WEBSTER'S ENCYCLOPEDIC DICTIONARY"

In which every word is CORRECTLY DEFINED, CORRECTLY PRONOUNCED, CORRECTLY SPELLED, and the use and meaning of various words illustrated by apt quotations. Many hours of hard labor were spent by the distinguished authors in making this the MODEL DICTIONARY. The best special dictionaries on various branches of knowledge and the leading encyclopedias were consulted and taken as authorities, so that this dictionary

IS UNEXCELLED IN PROFUSENESS AND EXCELLENCY OF SUBJECT MATTER.

This Book Is Being Sold at $9.00 by the Publishers.

THE SENTINEL has made arrangements for a number of these Dictionaries at about one-third their value, and are putting them out to their subscribers in weekly installments. Solicitors will call on all our citizens and explain the plan.

THE MARKETS.

Chicago, March 23.—Wheat opened firm on comparatively steady cables, May being a shade lower to a shade higher at 72¾c to 72⅞c. After selling at 72⅝@72¾c there was an advance to 73⅛c on coverings. Later on prospects of a smaller decrease in the visible supply than had been expected, May reacted to 72⅝c. Minneapolis and Duluth reported receipts of 390 cars, which with local receipts of 19 cars, none of contract grade, made total receipts for the three points of 409 cars, against 635 cars last week and 451 cars a year ago.

Large world's shipments and an increase in the amount on passage caused some selling and May declined to 72½ but rallied slightly later on a larger decrease in the visible supply than was expected. The close was steady with May unchanged at 72¾@72⅞c.

The sentiment in the corn pit was moderately bullish and opening prices were steady, May being unchanged to a shade higher at 43⅞c to 43⅞@44c. A fair demand existed and the market held firm around 44⅛c. Local receipts were 122 cars.

There was general selling throughout the latter part of the session and the market became easier. May closed ¼c lower at 43⅝c.

There was a small trade in oats but after a slight decline at the opening with May unchanged to ⅛c lower at 33⅝c to 33¾c, a better tone developed on the firmness in corn. Local receipts were 247 cars.

Provisions opened strong on a small run of hogs at the yards. May pork was 2½c to 5c higher at $18.12½ to $18.15, May lard was up 12½c to 17½c at $18.15 to $18.20 and ribs were 7½c higher at $9.90.

THE CLOSE.

Prices at the close were as follows:

Wheat—May, 72¾@72⅞c; July, 69⅞c@70c; Sept. 69⅝@69¾c.

Corn—March, 42c; May, 43⅝c; July, 43½c; Sept. 42⅞@43c.

Oats—March, 32¾c; May, 33⅛@33¼; July, 30¼@30⅜c; Sept., 28¼c.

Pork—May, $18.02½; July, $17.25; Sept., $17.00.

Lard—May, $10.12½; July, $9.87½; Sept. 9.25.

Ribs—May, $9.87½; July, $9.57½; Sept., $9.47½.

Rye—May, 50¼@50½c.

Flax—Cash N. W., $1.13; S. W., $1.11 May, $1.13.

Timothy—March, $3.42½.

Clover—March, $12.25@12.50.

Barley—Cash, 42@54c.

CHICAGO LIVE STOCK.

Chicago, March 23.—Cattle—Receipts, 28,000; market steady to weak; good to prime steers, $5.10@5.70; poor to medium, $3.75@4.75; stockers and feeders, $2.75@4.85; cows, $1.50@4.60; heifers, $2.25@4.75; canners, $1.50@2.75; bulls, $2.25@4.25; calves, $3.00@7.00; Texas fed steers, $4.00@4.50.

Hogs—Receipts today 17,000; tomorrow, 20,000; left over, 2,752; market, 10@15c higher; mixed and butchers, $7.35@7.65; god to choice heavy, $7.70@7.85; rough heavy, $7.45@7.70; light, $7.10@7.50; bulk of sales, $7.45@7.65.

Sheep—Receipts, 15,000; sheep and lambs strong; good to choice wethers, $5.40@6.25; fair to choice mixed, $4.50@5.40; native lambs, $5.25@7.50.

THE DAY ON WALL STREET.

New York, March 23. — Opening prices of railroad stocks were fractionally below Saturday's closing with Union Pacific making an exceptional loss of a point. St. Paul and a few of the local tractions and iron and steel stocks were slightly better. Trading was quiet and not very well distributed.

Traders sold the Pacifics and transcontinental stocks and their weakness served to drag down the general market. Southern Pacific and Canadian Pacific lost a point and there was considerable pressure against Atchison, Rock Island and Baltimore and Ohio. Mexican Central advanced to 29 on large dealings while Consolidated Gas, General Electric, North American and Anaconda yielded 1@1½.

Prices of stocks receded steadily on small offerings and by noon a number of the speculative favorites were ruling a point or more below last week's close. Professional operators professed to be disappointed at the lack of response to Saturday's bank statement and the general easier money conditions and sold the market. An urgent demand for Southern Pacific developed just before noon and the stock rapidly rose from 63¼ to 65, with a spread from 63½ to 64½ on one transaction of 100 shares.

Bonds were irregular at noon.

Hasty covering carried Southern Pacific to 65½, where it held only an instant as profit-taking wiped out the gain. It soon crossed 65 again and became dull and steady. The general list, which had rallied a fraction when Southern Pacific started upwards, became hesitating when that stock became erratic and trading fell off almost to a standstill.

Trading during the afternoon was devoid of feature aside from a rise of a point in Wabash preferred.

The sluggish trading encouraged breaks in the closing hour and the market went off sharply on increased dealings. St. Paul, Rock Island, New York Central, Reading, Missouri Pacific and several other important stocks sold at the lowest prices of the day. New York, New Haven and Hartford dropped 3½. The closing was weak.

THE MONEY MARKET.

WORK NOT YET RESUMED.

Pittsburg, Pa., March 23.—The American Bridge company has not as yet resumed work on the Wabash bridge with non-union men, and quiet prevails in the vicinity. The strikers have established headquarters in a frame house near the American Bridge company's south side plant, and just below is the house boat which is quartering the non-union men. Cooks have been employed and cots placed in the house for the use of the strikers. They have also secured a number of skiffs and will make an effort to reach the strike-breakers aboard the boat. The boat was taken to its present position, it is said, during the night and it is thought more non-union men are expected to be placed aboard today. The strikers are closely scrutinizing every movement of the occupants of the boat.

RACING SEASON OPENS.

Little Rock, Ark., March 23.—The regular racing season of 1903 in the western jockey club circuit will be inaugurated here this afternoon. Weather conditions are anything but favorable and it is cold and raw and rain has been falling at intervals all morning. The city is filled with horsemen who arrived during the night and morning from New Orleans. The flood at Memphis has prevented a number of horses being shipped from there, but the Clinton Park officials are still hopeful that the waters will recede so as to permit shipping of candidates for the derby which is to be run Thursday.

FORGERIES WERE HUGE.

London, Mrch 23.—The first meeting of the creditors in the bankruptcy of Count Maurice de Bosdarie, who was connected with the recent forgeries on J. Pierpont Morgan's signature on bills purporting to have been given in payment for purchases of bric-a-brac was held today. The petitioning creditor is Sir Alfred Hickman, former president of the British Iron Trade association, hoolder of one of the forged bills for $57,500 drawn by De Bosdarie apparently with Mr. Morgan's acceptance, which was presented for payment at a London bank early in February and which Mr. Morgan repudiated. Claims aggregating $160,000 were presented. The assets discoverable amounted to $7,325. De Bosdarie disappeared when the forgeries were discovered.

Easy to Polish a Stove

EASILY APPLIED—NO ODOR—NO DIRT.

To polish a stove like peppering a beefsteak may seem odd to those who have never used Sifter Stove Polish, but nevertheless, it is the newest, easiest and most convenient method known. Sifter Stove Polish is put up in a large, round box with a perforated top similar to a pepper box. The polish never dries out and does not require soaking in water before using. There is never any waste. It is good to the last pinch. It is gently sifted on the stove, brushed with a damp cloth and lightly rubbed with a dry cloth. A brilliant, jet black lustre is obtained. There is no odor, no dirty saucers or pans, no rusty boxes to cover. The Sifter box is always clean. Sifter Stove Polish is cheap. It costs 5 cents a box, will polish more stoves than three times its cost in any other polish. All dealers.

BUILDING PLANS ARE APPROVED

Fort Wayne Electric Office Building Will be Extended to Broadway.

A LADY'S NARROW ESCAPE

Pulled From Tracks in Front of Moving Train—News of Shop and Rail.

The board of directors of the Fort Wayne Electric company held a meeting last Friday evening, at which plans for enlarging the office on Broadway, mentioned by the Sentinel several weeks ago, were approved and the appropriation for the same was made. It was at first the intention to increase the office space by raising the building another story, but this plan would not make room sufficient to meet the requirements of the ever increasing business, and it was abandoned. By extending the present two-story building to the street, the floor space, which is now a trifle above 3,000 square feet, would be increased to over 6,000 and be ample for the purpose for years to come. Work upon the excavation and foundation will commence this week and will be crowded forward with all possible haste. When this and other improvements under way or to be started soon are made, the works will be employing over 1,000 men. It is said of them that for the ground space occupied by the factory, more men are employed there than in any other manufacturing establishment in the state, yet the appointments are such that none of the rooms are unduly crowded.

May Return to Railroading.

William Moore, who has been a horny handed tiller of the soil in the vicinity of Roanoke for the past five or six years, has disposed of his interests there and this morning, with his family, left for Toledo, where he will probably resume work on a railroad. Before going on the farm Mr. Moore was employed a number of years by the Wabash, his latter service there being in the capacity of throttle manipulator in the little shop engine called "Fido" by the men. One day Mr. Moore allowed the little engine "to get the best of him" and it went through a door of the old round house, pulling down a section of the wall also. Fearing a reprimand, William immediately sent his resignation to Master Mechanic F. W. Morse and closed a deal that was then pending through which he became the possessor of the farm. He never lost interest in the shops and the men employed there, however, and every time he came to the city he called on them. He was there this morning, while waiting for the train which was to take him to Toledo. Mr. Moore is a good fellow and carries the good wishes of all acquaintances wherever he goes.

Found His Ring.

J. W. Clark, stationmaster of the Pittsburg, was surprised this morning when a gentleman handed him a ring which Mr. Clark had lost four years ago. The ring was a heavy gold affair, bearing a Masonic emblem, and was valued both for intrinsic worth and for its associations. Evidently the ring had been found when it was first lost by some one who kept it until recently, when they in turn lost it and it was picked up by the gentleman who returned it to Mr. Clark. Mr. Clark was overjoyed to get the jewel, though he long ago made up his mind that he would never see it again.

Engineer Scalded.

While endeavoring to open the mud head in the boiler at the Bass machine shop last night, when there was a slight pressure of steam in the boiler, a stream of hot water poured upon Martin Didion, scalding his right arm and neck. He will be off duty a few days.

Boy Killed by Cars.

Extra train 7254, in charge of Conductor Griffith and Engineer Stewart, killed a boy named Charles Miller, seventeen years old, at VanWert yesterday. With his cousin, Miller attempted to get upon the train a short distance west of the Cincinnati Northern's crossing, missed his hold on the car, fell beneath the wheels and had his head cut off. The accident was witnessed by a number of people, all of whom say that the trainmen were in no wise to blame for it.

Saved a Woman's Life.

It fell to the lot of George Keplinger machinist at the Electric works, to save a lady's life yesterday. As Mr. Keplinger was at the Calhoun street crossing of the Pittsburg at 11 o'clock yesterday morning, he noticed a lady standing in the middle of the eastbound track, watching passenger train No. 21 pull out of the station and totally oblivious of the presence of an eastbound freight, which was bearing down upon her. Springing to the track Mr. Keplinger grabbed the lady and pulled her aside just in time to miss the engine. Witnesses of the scene turned their heads or closed their eyes, expecting to hear the agonizing scream as the ponderous locomotive ran the lady down and there was great rejoicing thereabouts when the true situation was known. The gates were down, but the lady had walked beneath them, as hundreds do every day, and started to cross the tracks. That there are not a number of accidents on that crossing is no fault of the public. The safety gates were erected to guard against accidents such as might have occurred yesterday, but pedestrians prefer the chance of losing life or limb to waiting a moment until all danger from that source has passed.

Heavy Freight Movement.

During the forty-eight hours ending at 6 o'clock this morning the western division of the Pennsylvania handled 188 trains, or a total of 5,836 cars. During the corresponding period of the preceding week the division handled 179 trains or upwards of 6,100 cars. The increase in the number of trains and the decrease in the number of cars moving last Saturday and Sunday over the same period of last week is accounted for on account of the eastbound movement being heavier than the westbound and the necessity for sending engines westward with lighter loads than they carried a week ago. The men in the transfer department at the freight house worked all day yesterday, handling 181 cars. The only reason why more cars were not handled at the freight house is a scarcity of men. A dozen or more good fellows can find steady employment there.

Took in Four Members.

Fort Wayne lodge, No. 136, Brotherhood of Railway Trainmen, which bears the distinction of being the largest lodge of its kind in the state, continues to grow steadily. Hardly a meeting is held that does not add from one to a half-dozen names to the membership roll. Yesterday four new names were placed there, viz: M. P. Braidy, of the Findlay; H. M. Hutchins and W. McCreraey, of the Lake Erie and Western, and W. H. Hughes, of the Pennsylvania. One member, who had been out awhile, was reinstated.

Two Trains of Immigrants.

Over 1,000 immigrants passed through the city for the western farming lands last night and this morning. Of this number 921 were on the Nickel Plate and the balance on the Wabash. The Nickel Plate ran two special trains for the accommodation of the foreigners, the first one passing this point at 11 o'clock and the other early this morning. The Wabash set its immigrants off here from train 9 and they remained until 10 o'clock, when train 7 picked them up and took them westward.

Will Go West.

Perb Davis, of the Pennsylvania yards, has secured a leave of absence for the purpose of spending three months on the Pacific coast and will leave the latter part of the week for Seattle, Wash. He intended to start for the west tomorrow, but was taken slightly ill this morning and concluded to postpone the start a few days.

Dedicated Club Room.

The East Car Shop Athletic association dedicated its new hall in the Neumeyer building, Lewis and Ohio streets, Saturday night. The chief feature of the dedication was a banquet at which Councilman Ed Miller presided as toastmaster and the orators in the club delivered addresses. The rooms are large and well furnished. One of them will be used as a place for holding public meetings, including dances and the others will be exclusively reserved for the club. The affair Saturday night was most enjoyable.

Will Soon Get Legs.

The movement looking towards supplying Walter Omtott with artificial limbs, which was instituted at the Pennsylvania yards a week ago, is going to be successful. The plan is to secure 20,000 cancelled union tobacco labels and half that number has already been received. Yard Conductor Ross Gardner, who has the matter in charge, received a package from Crestline this morning which contained upwards of 2,300 of the labels, swelling the total to over 10,000. All tobacco users are requested to contribute towards the collection and by so doing they will aid a very worthy movement.

New Names on Pay Roll.

Machinist Carl Somers and H. L. Kimmel, the former in Foreman Brennen's room, and the latter in Foreman Schultz's room; G. Trentman, in the laboratory; Cornelius Weaver in the erecting department, and Henry Schnurr in the commutator department, are new men at the Fort Wayne Electric works. Mr. Schnurr was formerly employed in the office at that place.

Industrial Notes.

George Ellis is a new fireman on the Nickel Plate.

Yard Conductor D. C. Rowan, at the east yards, is sick and off duty.

The Big Four will install a block system between Indianapolis and Kankakee.

J. Ensch, A. B. Pequignot and A. Krone, Pittsburg shopmen, are sick and off duty.

C. A. Sharp, a tallyman at the Pittsburg freight house, visited relatives at Warsaw yesterday.

Nickel Plate Engineer J. C. Lynch has been off duty a couple days attending to some private affairs.

Fred Rehling and Patrick Maley, Wabash boilermakers, are off duty today on account of sickness.

Preliminary surveys for the international bridge across the Detroit river will commence April 1.

After an illness of a few days, George Smith resumed hs duties in the Wabash blacksmith shop this morning.

Bert Olds has returned from Elkhorn, Wis., where he went last week on business for the Fort Wayne Electric company.

Master Mechanic George C. Bishop, of Wellsville, Ohio, was in the city today to see Supt. D. F. Crawford on railway business.

Superintendent S. K. Blair of the Nickel Plate, who was operated upon for appendicitis two weeks ago, is getting along nicely.

Switch Tender C. A. Lehneke, of the Pittsburg, is taking a few days' lay off and his duties are being performed by John Vandewater.

Machinist William H. Spade resigned a position at the Western Gas works Saturday to take a position in a machine shop at Marion, Ind.

Conductor Maurice Deatrick, who had been off duty, entertaining company from out of the city, resumed work on the Nickel Plate yesterday.

Ernest Keenon, who has been employed at the Bass blacksmith shop for a year, resigned Saturday night to take a position in the east car shops.

P. F. Durfee, who was promoted to engineer on the Nickel Plate last winter, but has been firing most of the time since, is now running an engine.

Nickel Plate Firemen Gus Viland and F. Van Auda have resigned and the latter will return to Garrett and his old position on the Baltimore and Ohio road.

Operator McCulloch, who came here from Ohio a short time ago to work in the Nickel Plate offices, has been installed as chief operator at the yard office.

A special train carrying the Mrs. Leslie Carter Theatrical company passed through the city early this morning. The company was en route from Pittsburg to Chicago.

Conductor A. C. Mick and brakemen F. H. Eichart and J. C. Johnston, of the Pittsburg, are sick and Brakemen E. Mahoney and M. Bennett, of the same road, are off duty on account of injuries received.

Louis Stetter, the carpenter, resumed his duties in the tank department of the Pittsburg shops this morning, after an illnes of three weeks. F. E. Walda, a carpenter in the down town shops, reported also this morning. He was hurt a week ago.

division, succeeding George T. Slade, who goes to the Great Northern as general superintendent.

John Horning resigned a position at the Wabash blacksmith shops Saturday and this morning took a position with the contractor at the High school building.

Mrs. John O'Conner, who was the guest of her father-in-law, John O'Conner, sr., of the Pittsburg shops, for a month, left this morning for her home in Grand Rapids, Mich.

Motive Power Supt. J. B. Barnes, of the Wabash, left this morning for Springfield. He came here Saturday to look after some railway business and visit with relatives.

Foreman Frank M. Cairns, of the Pennsylvania shops at Crestline, was in the city yesterday to see his wife, who is at the hospital. The lady is recovering from an operation.

oJhn Littlejohn, the veteran blacksmith, is sick and off duty. He is working at the Electric works. Herman Shuman, another blacksmith at that shop, has resigned to work elsewhere.

April 1 the office of general superintendent of transportation of the Erie road will be abolished and George Van Buren, who holds the position, will become superintendent of the eastern

E. H. Millhouse, a carpenter who was employed as a car builder at the cast shops, will engage in house building this summer and with that end in view he has resigned his place at the shops.

Al Throckmorton, M. Gans and F. X. Miller resumed their duties in the Pittsburg blacksmith shop this morning. C. W. Miller, a machinist, also reported for work after an illness of a week.

Fireman C. H. Brown is sick and Fireman E. Bisel laid off today to attend to private business. Fireman Walker has gone to his old home to see his mother. They are Nickel Plate employes.

Nickel Plate Brakemen C. M. Tindell and P. M. Henderson are off duty on account of sickness. Brakemen H. B. Blair and C. M. Beard, who were off duty a few days, reported for work yesterday.

Among the shipments from this city Saturday were nine Packard organs for Cape Town, South Africa. The Rocker Washing Machine company also made a shipment of twenty-nine washers to Mexico.

Miss Margaret Daly, a demented woman, passed through the city on Pennsylvania train No. 20 yesterday, en route from Chicago to Wilkesbarre, Pa. She was, apparently, all right when she got on the train at Chicago. Capt. Stoll sent Patrolman Bates to accompany her home.

Dennis Daly, of 214 East DeWald street, will be confined to his home several days with an injured knee. He is a Grand Rapids brakeman and received the injury while switching cars in the yards in this city. Dr. E. J. McOscar is attending Mr. Daly.

William Brossard, the retired Pittsburg shopman, and his daughter, Miss Gracie Brossard, left this afternoon for Cincinnati, upon receipt of a telegram informing them of the death of Miss Carrie Brossard, the daughter of Mr. Brossard's brother, Joseph. The funeral takes place next Wednesday.

The Chicago, Burlington and Quincy employes who did not receive an increase in salary when trainmen's wages were raised will come in for an increase April 1. Included in this class are station agents, telegraph operators, pumpmen, bridgemen, car repairers and round house men.

Joseph Bracht is again on active duty on the Nickel Plate, after an absence from the cab of three months. Every winter Engineer Bracht is more or less afflicted with rheumatism and the past winter he suffered more than usual. He spent several weeks at a sanitarium in Hot Springs, Ark.

D. B. Denbow, Nickel Plate conductor, is in court at Argos today, answering to the charge of holding a crossing beyond the time limit established by the town council. This is an experience that all conductors are subjected to. Their trains become stalled or other cause tends to hold them on the crossing.

Grand Chief E. E. Clark says the coming convention of the Order of Railway Conductors will be the largest attended of any yet held. He believes there will be 3,800 to 4,000 delegates and their families in attendance. The convention will be held in Pittsburg in May and on that occasion special trains will be run into Pittsburg from the east and west.

Thomas F. Butler, master mechanic on the Panhandle, who was recently transferred from the Columbus to the Indianapolis division was presented with a $300 diamond ring by his Columbus friends Saturday night. The presentation occurred at the Normandy hotel and was followed by a banquet. Mr. Butler was formerly a resident of this city, leaving here twelve or fifteen years ago to take charge of the Pennsylvania round house at Crestline. Six years ago he was made master mechanic of the Wellsville shop and four years ago he took charge of the Columbus shops.

Today is the second anniversary of the opening in this city of the Fort Wayne Outfitters Store, at 129 East Berry and 726-728 Clinton streets. To say that they have been highly successful hardly expresses it, as there has never in the history of business in Fort Wayne been a store that has made as rapid progress as the Outfitters. From time to time more room has been required to handle the large stock and adjoining rooms have been leased, until today it is one of the largest stores of its kind in the state. The proprietors, Messrs. Hollenstein and Israel, are up-to-date business men in every respect and by their uniform courteous treatment of all have won a high place in the esteem of the purchasing public.

URGE CASTRO TO REMAIN IN POWER

Venezuelan Congress Decides Not to Accept President's Resignation.

Caracas, March 23.—The Venezuelan congress by a unanimous vote has declined to accept President Castro's resignation and has passed a resolution requesting him to reconsider his decision. It is believed the president will yield to this expressed desire of congress and remain in power.

The delegation appointed called at noon yesterday at the president's residence, Miraflores palace, and transmitted to President Castro the resolution.

President Castro, in reply, declined to change his mind, but after being urged by his personal friends, he offered to present another message to congress, which he will meet on Thursday to suggest a solution to the situation.

The French warship Troude has left La Guayra. Her departure is taken as indicating that there is no reason to fear internal complications as a result of President Castro's resignation.

MESSAGE OF CASTRO.

The congressional hall was crowded Saturday and all the members of the diplomatic corps were present when President Castro read his message to congress. President Castro first passed in review the terrible conditions which prevailed in the country and denounced the errors of his countrymen. "But," he continued, "if it is painful to consider how much blood has been shed and how many tears, it is a consolation to think that their bitter stream by the law of compensation will fecundate something that should correspond to present-day aspirations, since every struggle begets an idea and every victorious idea justifies the supposition that an onward step has been taken on the road to human perfection. Our victory, citizen legislators, over the great adversities which have just oppressed us must terminate the tumults of our life, otherwise we shall reach a shameful dissolution."

CASTRO ALLEGES UNFAIRNESS.

Touching then on the question of recent foreign intervention, President Castro said it had been brought about by a league of people who, unable to submit their claims to the impartiality of the tribunals, had employed force, and that because he refused to submit to the Anglo-German exactions they, acting in collusion with the revolutionary general Matos, endeavored to get rid of him. In confirmation of this statement President Castro cited a letter written by the commander of the German warship Stosch. President Castro pointed out that the sovereignty of the nation had been safeguarded and said:

TOUCHING WORDS.

"I now deliver my abdication in order that you may proceed legally to call on him who should take my place so that there may remain to no Venezuelan the slightest pretext for hostility to his country or for connivance with foreigners who, without any ground save force, fell upon unfortunate Venezuela, trampling under foot reason and justice to the detriment of civilization and right. With head uplifted and with a tranquil conscience I return to the efforts of toil which honor and dignify. All the energies and possibilities of my life are at your service should it become necessary to arise and defend our country against the attacks of the foreigner. All the glory I ask is to contemplate Venezuela becoming respected, prosperous and happy."

The president of congress then received President Castro's resignation and a committee was immediately appointed to draw up a reply to the tendered resignation.

The news of the president's resignation created intense excitement in political circles, but the city remained quiet.

A FRENCH VERSION.

Paris, March 23.—An official dispatch has been received here from Caracas giving the causes which led up to President Castro's resignation. It shows that this action was not a mere formality, as some of the dispatches indicated, but was the outgrowth of serious conditions caused by the recent international entanglements. The dispatch says the main cause of the president's resignation was the troubles with Germany, which besides being difficult of solution have caused widespread alarm. The situation, it is added, has been further complicated by the activity of the revolutionary bands. The dispatch clearly conveys the impression that the resignation of General Castro is indicative of unrest and instability in Venezuela, probably foreshadowing a general change of government.

THE GERMAN VIEW.

Berlin, March 23.—It is believed here that the resignation of President Castro, of Venezuela, Saturday was designed to secure an endorsement of his policy in the form of a request from the Venezuelan congress that he retain office. In any case, the German foreign office expects General Castro's successor will carry out the terms of the protocol and it is not thought that any fresh complications are likely to grow out of the present turn of politics at Caracas.

CAN SEE MAYOR ONLY AS GOOD CITIZENS

New York Executive Sends Letter to the Liquor Dealers' Association.

New York, March 23.—Mayor Low today sent a letter to George F. Gminder, chairman of a committee from the Liquor Dealers' association, which sought to obtain a hearing before the mayor concerning proposed changes in the state excise law. The letter closes: "If, as citizens, who are engaged in a lawful occupation, you wish to call upon me, I shall be glad to see you at any time that may be mutually convenient, but I cannot see you as representatives of the Liquor Dealers' association."

The mayor recalls that in his message of January, 1902, to the aldermen he devoted himself wholly to the subject of blackmail. He offered to co-operate with every citizen to break it up.

"The police department has been racked from stem to stern in the effort to punish and prevent the taking of blackmail for the sake of illegal privileges," says the mayor, and he adds that if certain rumors are well grounded the association (liquor dealers) is one of the main obstacles to a complete reform of the police force and one of the principal tempters of the members of the force.

NEGROES THANK IRELAND.

Washington, D. C., March 23.—A delegation of members of the negro press of the country and of the negro Pen and Pencil club called on Archbishop Ireland yesterday and expressed to him their gratitude and appreciation of his stand in behalf of the negro. Remarks expressive of the gratitude of the race were made by Henry P. Slaughter, president of the Pen and Pencil club; L. M. Hershaw, John P. Green and Judson W. Lyons, register of the treasury.

Archbishop Ireland, in responding, said that to him the stars and stripes had no meaning whatsoever, unless they mean the brotherhood of man. The idea of a distinction being made in civil and political matters because of a race or language or color, he declared, is un-American. A man, he said, is a man, and that is all that the American constitution requires, or that it should require, if it is truly a constitution expressive of liberty.

CARRIAGE MEN STRIKE.

Chicago, March 23.—Sixteen hundred men employed in 300 local carriage and wagon factories, struck today for a nine hour day and an increase in wages. The strike, it is said, will be firmly contested by the manufacturers, who are organized.

REUNION IS POSTPONED.

Cincinnati, March 23.—A circular postponing the meeting of the Society of the Army of Tennessee, from May to October 15, at Washington, D. C., has been issued. This action is due to the desire to have the president, who will be absent in May, present at the unveiling of the statue of General W. T. Sherman, which will be one of the features of the meeting.

HAS ORGANIZED AGAIN.

The original Apollo quartet, which disbanded some months ago, has again organized and will resume its old place among the musical organizations of the city. The quartet is composed of C. L. Willson, first tenor; Ralph Yarnelle, second tenor; Herbert Lange, first bass, and Charles Lange, second bass. The quartet sang last evening at the Third Presbyterian church.

ADD FOURTH SUBSTITUTE.

The Fort Wayne postoffice is to be increased by the addition of another substitute mail carrier, making the number of substitutes four instead of three as heretofore. The appointment will be made from the eligible list after the coming examination is held April 1.

PLENTY OF UTENSILS

will dissipate much of the unpleasantness of kitchen work. The work of the girl or the wife should be made as pleasant as possible, when so little money will do it. What is nicer to have in the kitchen than a good food chopper? The Food Chopper we sell for $1.50 will chop any article of food, cooked or raw, lean or fat, tough or tender, any size you wish. It is absolutely guaranteed to chop raw meats. The machine has four knives—one each—fine, medium and coarse, also a nut butter cutter. Complete, is it not? It makes a nice present.
